THE following Dispatches have been received at the East India-House from the Governor in Conneil at Bombay:

Extract of a Letter from the Governor in Council at Bombay, to the Court of Directors, duted 3d Sep-

tember 1803.

Major-General Wellesley having commenced his Operations against the Fortress of Abmednagur, on the 8th of August, we had the Satisfaction to learn that the above-mentioned Fortress fell into the Major-General's Hands on the 11th following. The Atchievement of this Enterprise was attended with the Loss of several brave Officers and Men, as will appear by the List of the former inferted in the Margin *; but the Acquisition of it is of great Importance, as it is considered to be one of the strongest Positions in that Country: On this Ground, therefore, General Wellesley has for the present taken Possession of the Fort and Districts dependent thereon, and placed them under the Management of Captain Graham, of the Madras Establishment, with Orders to collect the Revenues, and to render the Resources of that Acquistion as subservient as possible to the Objects of the Campaign. In advising of this Result, we beg Leave to offer to your Honorable Court our Congratulations on the distinguished and rapid Success which attended the British Arms under the Direction of the Honorable Major-General Wellesley, in the Reduction of Ahmednagur; trusting also, that we shall shortly be enabled to report an equally savourable Result with respect to the Fort of Broach, the Measures for reducing of which are now in Progress.

Broach, 29th August 1803.

To Major-General Wellesley, Commander in Chief, Cc. &c. &c.

HAVE the Honor to acquaint you, that at three o'Clock, P. M. I stormed the Fort of Broach, and carried it with little Lofs, although the Arabs made considerable Resistance, particularly on our entering the Breach. The Arabs have suffered very considerably, and we have taken a great many Stand of Colours. A more steep Ascent to the Breach, and of such Length, is feldom seen. I cannot express myself in sufficient Terms on the Gallantry of the Osheers and Men I have the Honor to Command. I shall have the Honor to address you more fully To-morrow. I write this for your early Information, immediately after we have got Possession of the Place, which will, I hope, be an Excuse for Haste.

I have the Honor to be, Sir,
Your most obedient Servant,

To Colonel Murray, commanding the Forces in the Guzerat.

N confequence of your Communication to me last Night that you had not received my official Communication on the Surrender of Powanghur by Capitulation, I have the Honor to addrefs you again on the Subject.

After a Breach had been effected in the Wall of the inner Fort, as also that another was almost practicable in a Tower at the Angle of the outer Fort, the Garrion offered to capitulate on the Morning of the 17 h, on Condition of being prarected in their Perf as and private Property.

To thele Terms I agreed, on Condition of immediately taking Peticifion of the Breach in the inner Wall, with a Company of Sepoys. They, however, tacked other Stipulations to the Copitulation, viz that I should agree to pay them the Arrears due from Sciudia, and that Two of the Commanders of the G vicawar Cavalry with me (amounting to about Three Hundred Horse) should sign the A-greement. To those latter Articles I would on no Account agree; and it was not until Four P. M. when the found, from our continuing to batter, that I would admit of no Delays that they agreed to the original Terms, which were immediately carried into full Effect by their Evacuation of the Fort and Mountain, of which we took Poffession.

If this had not taken place, I had made the neceffary Arrangements for floring both Breaches on the Morning of the . th; and I conceive that the Garrison were intimidated from a Knowledge that if they opposed us on our entering the Breaches, their Communication with the upper Fort would be cut of and they had no other Way to cleane than cut of and they had no other Way to escape than the Reachard led down by our Battery. Could may have obtained Possession of the Upper

Fort, or Daha Kille, at the Top of the Mountain, I am inclined to think it utterly impregnable.

I have left Captain Cliffe, of the Engineers, to take a Plan and View of the Forts and Works on the Mountain, which I doubt not, from his known

Abilities, will be ably executed.

Camp, Sept. 25, 1803.

To His Excellency the Governor General, &c. Sc. Co.

WAS joined by Major Hill with the last of the Convoys expected from the River Killing, on the 18th, and on the 20th was enabled to move forward towards the Enemy, who had been joined in the Courfe of the last Seven or Eight Days by the Infantry under Colonel Pohlman, by that belonging to Begum Sumreo, and by another Brigade, the Name of whose Commander I have not ascertained. The Enemy's Army was collected about Bakerdun, and between that Place and Jafferabad.

I was near Colonel Stevenson's Corps on the 2tft, and had a Conference with that Officer, in which we concerted a Plan to attack the Enemy's Army, with the Divisions under our Command, on the 24th in the Morning; and we marched on the 22d, Co. lonel Stevenson by the Western Route and I by the Eastern Route, round the Hills between Beed Na-

porah and Jaluah

On the 23d I arrived at Naulaiah, and there received a Report that Sindia and the Rajah of Berar diad moved off in the Morning with their Cavalry, and that the Infantry were about to follow, but were still in Camp, at the Distance of about fix Miles from the Ground on which I intended to encamp. It was obvious that the Attack was no longer to be delayed, and having provided for the Security of my Baggage and Stores at Naulaiah, I

marched on to attack the Enemy.

I found the whole combined Army of Sindia and the Rajah of Berar encamped on the Bank of the Kistua River, nearly on the Ground which I had been informed that they occupied. Their Right, which confilted entirely of Cavalry, was about Bakerdun, and extended to their Corps of Infantry, which were encamped in the Neighbourhood of Affye. Although I came first in Front of their Right, I determined to attack their Lest, as the Defeat of their corps of Infantry was molt likely to be effectual; accordingly, I marched round to their left Flank, covering the March of the Column of Infentry by the British Cavalry in the Rear, and by the Mahrana and Myfore Cavalry on the Right

We passed the River Killing at a Ford beyond the Enemy's left Flank, and I formed the Infantry immediately in two Lines, with the British Cava y as a Referve, in a Third, in an open Space between that River and a Nullah running parallel to it. The Mairratta and Myfore Cavalry occupied the Ground beyond the Kiftna on our left Flank, and kept in check a large Body of the Enemy's Cavalry, which had followed our March from the Right of their own Position.

The Enemy had altered the Polition of their Infantry previous to our Attack. It was no longer as at first, along the Kitha, but extended from that River across to the Village of Assye, upon the Nullah which was upon our Right. We attacked them immediately, and the Troops advanced under a very hot Fire from Cannon, the Execution of which was

The Picquets of the Infantry and the 74th Regiment, which were on the Right of the first and & cond Lines, fuffered particularly from the Fire of the Guns on the Left of the Enemy's Position, near Affye. The Enemy's Cavalry also made an Attempt to charge the 74th Regiment, at the Moment when they were most exposed to this Fire; but they were cut up by the British Cavalry, which moved on at that Moment

At Length the Enemy's Line gave Way in all Directions; and the British Cavalry cut in among their broken Infantry, but some of their Corps went off in good Order; and a Fire was kept up on our Troops from many of the Guns from which the Enemy had been first driven, by Individuals who had been passed by the Line, under the Supposition

that they were dead.

Lieutenant-Colonel Maxwell, with the Pritifa Cavalry, charged a large Body of Infantry, which had retired, and was formed again, in which Operation he was killed; and fome Time clapfed before he could put an End'to the straggling Fire which was kept up by Individuals from the Guns from which the Enemy were driven. The Enemy's Cavalry also, which had been hovering round us throughout the Action, was still near us. At length, when the lait formed Body of Infantry gave way, the Whole went off, and left in our Hands Ninety Pieces of Cannon. This Victory, which was certainly complete, has, however, coff us dear, your Excellency will perceive by the enclosed Return, that our Lofs in Officers and Men has been very great, and in that of Lieutenant-Colonel Maxwell and other Officers, whose Names are therein included, greatly to be regretted.

I cannot write in too flrong Terms of the Conduct of the Troops. They advanced in the best Order, and with the greatest Steadiness, under a most de-structive Fire, against a Body of Infantry far superior in Numbers who appeared determined to coatend with them to the last, and who were driven from their Guns only by the Bayonet; and, notwith, flunding the Numbers of the Enemy's Cavalry, and the repeated Demonstrations they made of an Intention to charge, they were kept at a Distance by the Infanty.

I am particularly indebted to Lieutenant-Colonel Harness and Lieutenant-Colonel Wallace, for the Manner in which they conducted their Digades, and to all the Officers of the Staff for the Affillance I received from them.

The Officers commanding Brigades, nearly all those of the Staff, and the mounted Officers of the Infantry, had their Horses shot under them.
I have also to draw your Excellency's Notice to

the Conduct of the Cavalry Commanded by Lieute !nant-Colonel Maxwell, particularly that of the 19th Dragoons.

The Enemy are gone off towards the Adjuntee Chant, and I propose to follow them as soon as I

Security.

To His Excellency the Most Noble Marquis Wellesley, Governor-General, &c. &c.

My LORD,

HAVE the Honor to inform your Lordship, that I attacked M. Peron's Force this Morning, which was strongly posted with their Right extending to the Fort of Ally Ghur, and their entire Front protected by a deep Morals, which obliged me to change my original Plan of Attack, and detour confiderably to the Right to turn their Left Flank, which I completely effected, dislodging a Body of Troops which were posted in a Village in the Enemy's Front.

On moving forward with the Cavalry in Two

Lines, supported by the Line of Infantry and Guns, the Enemy immediately retired after a very few Shot from the Cavalry Guns, which did fume Execu-

Several Attempts were made to charge fome confiderable Bodies of Cavalry, who made an Appearance of standing, but the Rapidity of their Retreat prevented the Possibility of effecting it so completely as I could have withed, but I have Reason to believe that, in confequence of the Operations of this Day, many of his Confederates have left him.
My Lofs in Men and Horfes is very inconfider-

able, and no Officer.

I have the Pleasure to assure your Lordship, that the Zeal, Activity, and Steadiness displayed by both

Officers and Men, afforded me entire Satisfaction, and deferve my warmest Praise.

My Staff afforded me every Affiftance, and I feel

myself under great Obligations to them.

From every Information I can obtain, immediately upon our advancing, M. Peron, with his Body Guard, retired towards Agra, and has left Colonel Pedron in Charge of the Fort.

I am at prefent encamped to the Southward of the Fort, and the Town of Coel is occupied by one

My LORD, IT is with infinite Satisfaction I inform your Lordship, that the Inhabitants of this Part of the Country are coming in fast, and manifest a Wish of being protected by the British Government; and that, in consequence of my having caused it to be made known to the Head Men of the Villages in this Neighbourhood, that it is not my Intention to molest either the Perfons or Properties of such of the Inhabitants as shall claim my Protection, I have the Pleasure to say, that the People who had deferted the Town of Coel, on our Approach Yesterday are returning fall to their Houses, and the Town is nearly re-peopled. Indeed they have every Reason to be fatisfied, as the Instant this Position was gained, a Battalion was posted in Coel, to pre-.- vent Plunder; by which Means very little Lofs was fustained by the Inhabitants.

I learn from all Quarters that most of the Enemy's Cavalry, who opposed us Yeslerday, have returned to their Homes, declaring their Inability to

oppose the English.

From every Account I can receive, the Number of Cavalry opposed to us amounted to Fifteen or

Twenty Thousand.

The Country in our Rear is in a State of perfect Tranquillity, nor has it been molested by a fingle Horieman. I have sent into the Fort a Summons in English and French, which will, I trust, have the defired Effect.

A DISPATCH, of which the following is a Copy, was this Day received by the Right Honorable Lord Hobart, One of His Majetty's Principal Secretaries of State, from the Honorable Frederick North, Governor of His Majetty's Poffeshions in the Island of Ceylon:

Lord Hobart, &c. &c. &c. One of His Majesty's Principal Secretaries of State, London.

My LORD,

IT has pleafed God to blefs the Exertions of our fmall Force with the most extraordinary Success. Not more than eight Days ago, the King of Candy, at the Head of the most numerous Force which he could collect in his Dominions, burst into these Settlements at Sitawaca, and attacked the petty For tress of Hangwelle, at the Distance of eighteen English Miles from this City, which was defended by a small Garrison of Fifty Europeans, One Hundred and Sixty Sepoys, and Seventeen Gun Lascars, on the 3d, 4th, and 6th of this Month.

cars, on the 3d, 4th, and 6th of this Month.

Of these Actions, the last was by far the most bloody and decisive. After a Combat of an Hour and a Half, the Candians were deseated with great Slaughter, their Guns taken, together with the royal Standard, and more than One Hundred and Twenty Bengal and Madrass Lascers, who had been made Prisoners at Candy, and compelled to work at the Candian Guns, were brought back again to our Service. The King sled at the Beginning of the Action, and was followed by Leuke, Deslave of the Four Coiles, and by the Maha Mohottiar, or Chief Secretary of State, both of whose Heads he ordered immediately to be struck off.

A Reinforcement was fent up on the Night after the Battle, confitting of Fifty Europeaus, and Eighty Sepoys, under Captain Hankey, to join Captain Pollock, who had commanded on that Day, the ill Health of Lieutenant Mercer, who had hitherto defended the Place with great Vigour and Judgment, having rendered it necessary to relieve him from that satiguing Command. Captain Pollock marched forward towards the Candian Frontier, on the Morning of the 9th, and, after overcoming all Opposition, arrived, on the Morning of the 13th, at Rovanelly, on the Calany Gunga, in the Candian Territory, where the King had-formed

his principal Magazine. Captain Buehan (who had proceeded with a Detachment from Negombo, through the Hina and the Hapittigam Corles) arrived there, at the fame Time, on the other Side of the River; the Enemy fled; the Stores fell into our Hands, and have been brought away, and the Town, with the King's new Palace there, entirely burnt.

The Details of these important Occurrences are

The Details of these important Occurrences are given at full Length in the enclosed Gazettes. The Districts of Galla and Matura, of Chilow and Putlam, are also delivered from the Enemy, and restored to perfect Obedience and Tranquillity, and the Increase of our Force, by the Recovery of the Malays, will enable me to fend a small Body of Troops to Manaar, to protect the Northern Districts, of the Situation of which we have had no Information for these last three Weeks, as the Passage of the Mail has heen intercepted.

Two Hundred of the 34th Regiment have been fent to Trincomale by the Madras Government, and will foon be relieved by Two Hundred and Fifty of the 10th; and Lord Wellesley has destined the Battalion of Bengal Volunteers for this Island.

I have the Honor to be, &c.

P. S. Since I concluded my Letter, I have received Intelligence from Enfign Pendergaft, commanding at Hambangtotte, that he had been blockaded in that new Colony from the 23d Ultimo, to the 9th of this Month, but had beat off the Enemy, and that His Majesty's Ship Wilhelmina had touched there with the Royal Artillery from Trincomale, destined for this Side of the Island, and left Eight Men there.

Head Quarters, Columbo, Sept. 2, 1803 GENERAL ORDER. By Major-General Macdowall.

THE following Orders, by His Excellency the Governor, are published by his Defire to the Troops ferving on Ceylon.

GENERAL ORDER. By the Governor.

THE Governor has observed with peculiar Satisfasion the rapid Series of well-judged and well-executed Operations by which Captain Her-

bert Braver, of the 19th Regiment, has hitherto proceeded in recovering the important Province of Matura from the Candians, and in bringing back its deluded Inhabitants to their Duty. The indefatigable Activity, Zeal, and Ability which that Officer has displayed, fine: his Assumption of the Command in that Diffrict, has fully justified the high Opinion which His Excellency had formed of him from his former Services, and which induced him to appoint him to that arduous Station in a Time of fuch extreme Difficulty and Difeouragement

His Excellency is highly pleased with the firm, temperate, and humane Conduct of Captain James Shortt, of the 51th Regiment, at Belligham, and has no doubt but that fo triking an Instance of Jullice and Clemency at the present Moment will have the most beneficial Effect on the Native Inhabi-

taits of these Settlements.

The Governor requests Captain Beaver to communicate his Thanks to the Officers under his Command, and to affure the Non-Commissioned Officers and Privates of his high Approbation of the Zeal, Activity, and Alacrity with which they have performed their late active Services.

By His Excellency's Command,

THE following Order, by His Excellency the Governor, is published by his Defire to the Troops ferving on Ceylon.

GENERAL ORDER. By the Governor.

THE Governor requests Leutenant Mercer to accept his Thanks for the great Ahility, Firmnets, and Intrepidity which he has displayed in the Defence of Hangwelle.

He regrets fincerely that the Health of that Officer has suffered by his successful and honorable Exertions, and confiders it of too much Value to be endangered by a longer Continuance in fo arduous and fatiguing a Command.

His Excellency has heard with great Pleafure how ably and effectually Lieutenant Mercer has been feconded by Lieutenant MacNeagh, of His Majefty's 77th Regiment, doing Duty with the 51fl, and all the Officers of his Detachment, and highly approves of the spirited and zealous Conduct of the Non Commissioned Officers and Privates.

By His Excellency's Command.

THE following Order, by his Excellency the Governor, is published by his Defire to the Troops ferving on Ceylon.

G. O. By the Governor.

YAPTAIN WILLIAM POLLOCK, of His Majefly's 51st Regiment, in Command of a Detachment from the Gartifon of Columbo, having, by a rapid Succession of brillant and important Victories, driven the Grand Army of the Candians, commanded by the King in Person, out of the British Territories, taken all their Artillery, and their Royal Standard, recovered from them many of the Malays and Gun Lafeats, who were made Prifoners by Treachery at Candy, and finally feized the Magazines and Stores prepared by them at Roomelly, within their own Limits, His Excellency the Governor is unable to express, in adequate Terms, his lively Sense of the great Services rendered to his Government by that dillinguished Officer, and the small, but heroic Detachment which he commands.

He requests him, however, to accept his Thanks, and to communicate them to Captain John Buchan of His Majesty's Ceylon Native Infantry, Captain Frederick Hankey, of His Majelly's 19th Regiment, and all the Officers who have fo nobly feconded his Exertions, as well as to Mr. John Orr, Affillant Surgeon of the Bergal Artillery, for the fignal Service rendered by him in taking Charge of the Lafcars whom we recovered from the Enemy.

His Excellency further defires Captain Pollock to affure the Non-Commissioned Officers and Privates of his high Approbation of their spirited and

exemplary Conduct.

Copy of a Letter from Captain Pollock, commanding the Detachment on the Expedition to Rowanella, to Captain R Morobray, affing Deputy Adjutant-General, dated Avifavelle, 13th September 1803.

SIR HAVE the Honor to report, for the Information of Major-General Macdowall, that I marched Yellerday Morning with the Detachment under my Command for Rowanella. I found the Enemy polled at all the Paffes on the Road, and very flrong Batteries erected for their Defence, from which they were driven with confiderable Slaughter, and I am happy to fay with only the Lofs of One Gun Lafear Tindall wounded on our

Side. On arriving at the Rowanella River, we found the opposite Bank lined with Batteries, and feveral Pieces of Cannon, from which the Encmy kept up a heavy Fire of round and grape Shot, and a confrant Fire of Mulquetry; not being sufficiently acquainted with the State of the River, to attempt fording it immediately, the Detachment were here obliged to halt a few Minutes, when a Ford was discovered; Captain Hankey and Lieutenant Mercer, with the Advance, inflantly pushed over, and Captain Buchan, with his Detachment, appearing at this Moment on the Enemy's right Flank, they fled in all Directions.

I have the Honor to enclose a Return of Ordnance and Stores captured upon this Occasion, all of which I have brought off. I have much Pleasure in reporting the good Behaviour of the whole Detach-

ment, and the Obligations I am under to Captain 1 Buchan for the effectual Support he afforded me, notwithstanding the great Dilliculties he had to encounter from the extreme Badness of the Road by which he advanced on the North Bank of the Calany Gungar. The two Detachments took up their Quarters for the Night in the Palace, and this Morning finding the Enemy had retreated into the Interior of their Territory, I ordered the Palace and Village of Rowanella to be burnt, which was completely done, and I returned here about Eleven o'Clock.

I shall proceed To-morrow Morning to Hang-welle, and there await Major General Macdowall's

further Orders.

I have the Honor to be, &c.

CEYLON INTELLIGENCE.

THE Confequences of the glorious Defence of Hangwelle, on the 6th of this Month, have heen still more important than we had Reason to

The King of Kandi was there in Person, but retreated with Precipitation as foon as the Firing began. In his Flight he was overtaken by Leuke Ralchamy, Deffave of the Four Corles, and the

Maha Mohottiar, or Chief Secretary of State, both of whose Heads, in the Violence of his Indignation, he ordered to be immediately flruck off, and left their dead Bodies unburied in a Ravine, near the Royberg. Nor did his Cruelty flop here; for a Number of Carcafes which passed down the River by Hangwelle, and fince to the Great Pass near this Place, prove that the Execution of his own Subjects has been confiderable and indifcriminate. The Slaughter made of them by our Troops was great indeed, as all the Roads near Hangwelle are reprefented as being strewed with the Slain, and our Coolies were employed in burying them during "

the two Days subsequent to the Battle.
On the 9th, in the Morning, Captain Pollock marched forward, accompanied by Captain Hankey, Lieutenants Mercer and MeVeagh of the Infantry, and Worsley of the Royal Artillery, with a Detachment of Eighty R. and F. Europeans, and Seventy R. aid F. Schoys, with two fmall Cohorns, and a Party of Bengal Gun Lascars, and having driven the Enemy from the ftrong Post of Kalloagille, where they were flationed in confiderable Force, under the Command of the new Dessave of the Four Corles, (lately of Oova,) passed the Royberg without Oppolition, and halted for the Night at Aloct-Ambulam, about Six English Miles from Hangwelle.

On the 10th Captain Pollock proceeded by the very strong Post of Pooa-juttia (which the Enemy had abandoned) to Avisavella, and passing the River, entered the Candian Territory at Sitawaka. About Three Miles beyond the lalt-mentioned Place, he drove the Candians from a strong Battery at Appoola-pitty, where he passed that Night and the next Day, to give Time to Captain John Buchan, of His Majesty's Ceylon Native Infantry, who had passed with a Detachment from Negumbo through the Aloetcoer, Hapittigam, and Hina Corles, to arrive at Mencgodde on the opposite Side of the Calany Gunga.

Captain Buchan had performed his March with confiderable Difficulty from the Roads, (which he overcame with great Judgment and Perseverance,) hut with little Opposition from the Enemy or the Rebels; near Moogoram pitty he had been attacked but repulled the Affailants, killed Three of them,

and took one Prisoner.

While he was on his March a Party of Thirty-fix Malays (of those taken at Candy) came into him from the Army of the Second Adigaar, who was proceeding from the Seven Corles to join the King at Rowanelly.

On the Morning of the 12th, both Detacliments marched forward, and that of Captain Pollock, at a Place called Organda, about Five Miles from Ap. poola pitty, fell in with the Remains of the Grand Army of the Candians which had been defeated at Hangwelle, reinforced by that which the Second Adigaar had brought from the Seven Corles. They feemed determined to make an oblinate Refilance, fo much fo, that Six and-Twenty of their Men, including Two Mo iars, were flain in the Battery. Their whole Army then fled, and Captain-Pollock proceeded with little more Opposition to Rowanelly, where he was joined by Captain Buchan.

That Village, the most commercial and populous in the Kingdom of Candy, then fell into our Hands, together with Magazines and Stores of Artillery, Ammunition, and Provilions, which the King of Candy had been long preparing for his late unfortunate Expedition, and a Palace which he had caused to be creeted there, in a very elegant and fumptuous Style, according to the Cingalele Talle. This Palace, together with Eleven Hundred Houses, has been burned

The Troops returned Yesterday Morning (13th)

to Sitawaka.

Our Lofs in all these Affairs has been exceedingly trifling, fviz. at Hangwelle on the 6th, One Private of the 65th wounded; at Kalovagille, on the 9th, Two European Soldiers wounded; at Organda, on the 12th, One Gun Lascar wounded; in Captain Buchan's Detachment, One Lascar wounded.
We have recovered Sixty-two Malays, and a

Hundred and Fifty Gun Lascars, Bengal and Ma-

Artillery taken at Hangwelle.

THE following Dispatches have been received at the East India-House from the Governor in Council at Bombay:

SECRET DEPARTMENT.

To the Secret Committee of the Honorable the Court of Directors for Affairs of the United Company of Merchants of England trading to the East Indies, London.

HONORABLE GENTLEMEN,

1. OUR Address to your Honorable Committee of the 14th Ultimo conveyed a Detail of the Events of the Mahratta War up to that Period.

2. Since the Date of that Difpatch we have received from the Supreme Government the Reports of General Lake's Operations before Agra, that are contained in the enclosed Dispatches from His Excellency the Commander in Chief, under Dates the 10th, 12th, 14th, and 18th of October, from the last of which it will appear that the important Fortress of Agra capitulated on the Night of the 17th of that Month, upon which the Place was immediately occupied by the British Troops.

3. To these Advices we have much Satisfaction in

3. To these Advices we have much Satisfaction in being able to add the further Reports annexed under Dates the 14th and 15th of October from Lieutenant Colonel Harcourt, containing a Detail of the Mensures adopted by that Officer in the Course of the Expedition prepared under the Orders of the Supreme Government for the Occupation of the valuable Province of Cuttack, the Conquest of which appears to have been completed by the Siege and Assault of the Fort of Banabutty, an Event in reference to which His Excellency the Most Noble the Governor-General issued the General Orders under Date the 22d of that Month, of which a Copy will be sound in the Voucher, No. 6.

4. On the Receipt of the Intelligence of the Reduction of the Fort and City of Broach by the Troops under the Command of Lientenant-Colonel Woodington, His Excellency the Governor-General in Council iffued General Orders, under Date the 14th of October, as per Copy enclosed, in which ample Testimony is borne to the Merits of the Officers and Troops employed on that important Service.

5. The Details of the splendid Victory obtained over the Enemy by the Troops under the personal Command of the Honorable Major General Wellesley, at Assy, on the 23d of September, having been already submitted to your Honorable Committee, it remains now only to add a Copy of His Excellency the Governor-General's Orders, under Date the 30th of October, in Reference to that signal Event.

6. Among the Confequences derived from the Exertions of that Day, which terminated in the complete Defeat of the Combined Forces of Dowlut Row Sindiah, and of the Rajah of Berar, was an Overture from the Enemy's Camp, as received by General Wellefley on the 5th of October, requesting that a British Officer, together with an Officer of the Soubalidan of the Dekan, might be dispatched to the Enemy's Camp, for the Purpose of negotiating Terms of Peace between the Allies and the Confederate Mahratta Chiestains.

Confederate Mahratta Chieftains.
7. Major General Wellesley did not, however, comply with this Request, but signified his Disposition to receive, at the British Camp, with every Mark of Honour and Respect, any Person duly empowered by direct Authority from Dowlut Row Scindia, or from the Rajah of Berar, to propose Terms of Peace to the Allied Powers.

8. Accordingly it appears that the former of those Chieftains has fent a properly accredited Agent into the Camp of the Honorable Major-General

Wellesley, and the enclosed Copy of a Dispatch from 1 that Officer to our Prefident, under Date the 24th ult, will flew that the Confequence of that Meafire has been a Cellation of Hollilities between the British Forces and those of Seindia; but the Terms of the Agreement concluded on that Occa-fion, do not include the Rajah of Berar's Forces or Territories, nor have we any further Information on the Subject of the important Event in quellion, than is 'contained in the Honorable Major General's Difputch; but we trult, that this Approach towards an Accommodation, may be speedily followed by the Reileration of Peace to Hindotlan and to the Decean, a Refult which the aufpicious Progrefs of our Arms, in all Quarters of India, is fo well calculated to accelerate.

g. Since writing thus far, we have received from Bengal the further important intelligence contained in the accompanying Paper, adviling of a glorious and important Victory, obtained on the 1st November near Cassowly in Hindoslan, by the Army under the perfonal Command of His Excellency General Lake, over a very large Body of Dowlut Row Scindia's regular Infantry and Cavalry, in which the Enemy were entirely defeated, with the Lofs of all their Guns, Tumbrels and Baggage, though not without confiderable Lofs on our Part.

We have the Honor to be, with the greatest Re-

Whitehall, April 9, 1804.

HE London Extraordinary Gazette of Yester-day contained a Letter, dated December 3, 1803, from the Governor in Council at Bombay to the Secret Committee of the Court of Directors of

the United Company of Merchants of England trad-ing to the East Indies.

Within the above-mentioned Letter were the fol-

lowing Enclosures:

(ENCLOSURE, No. I.)

To His Excellency the Most Noble Marquis Wellesley, Governor-General, &c. &c. &c.

My LORD,

FINDING it impossible to make Approaches against this Place, as long as the Seven Battalions of the Enemy, who remained here, were in Possession of the Town of Agra, of an Encampment with a large Number of Guns on the Glacis, and of the Ravines with which the South and South-West Face of the Fort is surrounded, I determined to dislodge the Enemy from the Town, and occupy the Ravines this Morning, which will answer as Trenches, and afford complete Cover for earrying on our Works.

With this View I ordered Brigadier-General Clarke, who was encamped with his Brigade in the Rear of the Town, to take Possession of it at the same Time that Three Battalions advanced to oc-

Cupy the Ravines.

The Attacks have succeeded, and the Town as well as the Ravines are now occupied by our

Lieutenant-Colonel M'Cullock, Major Haldane, and Captain Worfeley led the Battalion that advanced on the Ravines. Every Praise is due to those Officers, who performed every Thing required

of them with the greatest Alaerity and Steadiness.

I am forry to say that a Number of Men have been killed and wounded, as well as Officers, owing to their high Spirit and Anxiety to possess themfelves of the Enemy's Guns; they quitted the Ravines and gained the Glacis, driving the Enemy from their Polition; in effecting which, from being close under the Fort, they were exposed to a very heavy Fire.

My Thanks are due to the Honorable Major-General St. John, for his spirited Conduct in advancing at the Head of the 2d Battalion of the 2d Native Infantry, which I found it necessary to order

up to support the Attack.

Brigadier-General Clarke, in his Attack on the Town, met with confiderable Refistance, which, by the gallant Conduct of the Officers and Men under his Command, was at length surmounted. I feel myself under particular Obligations to Lieutenant-Colond White other conductions and Fig. Colond White other conductions. Colonel White, who commanded Five Companies of the 16th Regiment Native Infantry, for his judicious and gallant Conduct on this Day.

I feel myfelf under the greatest Obligations to Lieutenant-Colonel Gerrard, Adjutant General, who undertook to point out to Lieutenant-Colonel McCullock the Road he was to pursue, and I am forry to report, that in the Performance of this Duty he received a very force. this Duty he received a very fevere Contusion, but I trust it will not be attended with any ferious Con-

fequences.

Major Thomas, of the 14th Native Infantry, is, I am forry to add, very feverely wounded. His Ex-

ertions throughout this Day were most meritorious.

Lieutenant Hay of the Artillery, who went with
a Detachment of that Corps to bring off the Enemy's Guns, merits my Approbation for his Inccessful Exertions in this Service.

To Mr. Lucan's Information and Exertions on this Occasion, as well as on every other, I feel myself

much indebted.

About Two o'Clock, Colonel Sutherland, whom they liberated from Confinement for that Purpofe, arrived in my Camp with Letters, No. 3. and

As it appeared their Wish that I should fend an Officer into the Fort, I requelled Captain Salkeld to accompany Colonel Sutherland thither with my Replies, No. 5. and No. 6. to explain to the Garrifon the Terms on which they would be allowed to forrender.

Captain Salkeld faw all the Native Chiefs, and found that they were not decided in their Opinions on the Subject. They started feveral Disficulties, and whilft he was endeavouring to remove thefe, the Firing from the Fort recommenced, without any evident Caufe, which induced him to return to Camp.

Being defirous, from Motives of Humanity, to induce them to liften to my Terms, a Meffenger entrufted with a Letter from me was again fent this Morning. They have refused, however, all Intercourfe, from which I am inclined to think that their

only Object, Yellerday, was to gain Time.

My LORD,

HAVE the Pleasure to inform your Lordship; that the important Fortress of Agra, termed by the Natives The Key of Hindostan, capitulated last Night, and the Garrison, consisting of between Five and Six Thousand Men, marched out at Noon this Day, when the Place was immediately occupied by our Troops under the Command of Brigadier-General Macdonald.

The only Terms required by the Garrison, were Protection to their Persons and private Property,

which was agreed to on my Part.

I attribute the carly Surrender of this Place to the great Impression our Breaching Batteries, which opened Yesterday Morning within Three Hundred and Fifty Yards, made on the Walls, and which would have caufed a practicable Breach in a few Hours more battering.

To Colonel Horseford of the Artillery, and Captain Wood of the Corps of Engineers, as well as to every other Officer in those two Corps, I feel myself under great Obligations for their unremitted Exertions on this Occasion, and to which I principally attribute my early Success against this Place.

I have the Pleafure to fay, our Lofs fince the Construction of the Batteries has been very trifling. Three European Artillery Men, and Three Golundauze killed, are the only Cafu-lties.

To Captain Armstrong, Asing Military Secretary to His Excellency the Most Noble the Governor-General.

SIR,

HAD the Honor of briefly stating to you Yesterday, for the Information of His Excellency the Most Noble the Governor General, that the Fort of Barabutty had been taken by Assault, by, a Part of the Troops under my Command, directed to perform this Service under the Orders of Lieutenant-Colonel Clayton of the 20th Bengal Regiment. I now have the Honor to acquaint you, for His Excellency Information, with the further Details of this Operation.

On the Night of the 12th, a Spot was fixed on for a Twelve-Pounder Battery, distant about Five Hundred Yards from the outer Gate of the Fort. This Battery was completed on the Night of the 13th, and the Twelve Pounder placed in it, together with Two Howitzers, and two Six Pounders, the whole of which opened their Fire on the Morning of the 14th. By Eleven o'Clock in the Forenoun most of the Defences on the South Face of the Fort, against which our Fire was directed, were taken off, the Enemy's Gans filenced, and every Appearance promifed Success, upon which I directed Lieutenant-Colonel Clayton to advance with one Six-Pounder, and a Party of Artillery Men, Two Hundred Europeans from His Majelly's 22d, and the Madras European Regiment, and Four Hundred Sepoys from the 20th Bengal, and the 9th and 19th Regiments of Madras Native Infantry. The Party had to pass over a narrow ridge, and under a very heavy but ill directed Fire of Musquetry from the Fort, to which they were exposed for Forty Minutes. They at

length fucceeded in blowing open the Wicket (the remaining Part of the Gate having been fortified with thick Maffes of Stone). Having once accomplished this, the Party entered tingly, and although they met with confiderable Relistance whill entering the Fort, and passing Two other Gates, the British Troops were foon completely victorious.

I cannot too highly praife the Conduct of Lieutenant-Colonel Clayton, and that of the Officers and Troops under his Command: the whole Party manifelled a Degree of perfevering Steadiness and Bra-

very that does them infinite Honor.

The Fort of Barabutty is of confiderable Strength, and, with the Exception only of the Bridge over which our Party paffed, is inacceffible, as it is furrounded by a Ditch from Thirty-live to One Hundred and Thirty-live Feet Broad, and Twenty Feet

Depth of Water in it.

I am happy to acquaint you that our Lofs has not been confiderable, but I have to report with regret, that Captain Kenny of the 19th Regiment of Madras Infantry, Captain Hurllhone of His Majefly's 22d Regiment, and Lieutenant Faithful of the Bengal Artillery, are wounded, though not dangeroufly: their Conduct was highly meritorious, as well as that of every other Officer on the florming Party.

Returns of the Killed and Wounded are enclosed.

Returns of the Killed and Wounded are enclosed. I cannot omit expressing in the strongest Manner the high Sense I entertain of the Services of Captain Blunt, Field Engineer, who has been throughout our Campaign indesatigably active; and of Captain Hetzler, of the Bengal Artislery, whose well directed Fire from the Battery was of eminent Service.

The Lofs of the Enemy within the Fort was very confiderable, and many were drowned in the Ditch

when endeavouring to escape.

I should not omit mentioning, that a Stand of Colours of the Enemy was taken by the Detachment of His Majesty's 22d Regiment, a Second Stand of Colours by the 20th Bengal Regiment, a Third by the 9th Madras Native Regiment, and a Fourth by the 19th Madras Native Regiment; and for the Disposal of which I hope to be honored with his Excellency's Commands.

The zealous and efficient Services of Major of Brigade Thompson demand my warmest Acknowledgments, and I must further beg leave to report to you, for His Excellency's Information, that the general Conduct of the whole Force under my Command has been such as to merit the most favorable Representation of their Services to His Excellency's

Notice.

GENERAL ORDERS, by His Excellency the Most Noble the Governor-General in Council.

Fort William, October 22, 1803.

THE Governor-General in Council notifies to the Army his high Approbation of the meritorious Services of the Officers and Troops employed under the able Conduct of Lieutenant-Colonel George Harcourt, in the Expedition prepared under the special Orders of His Excellency in Council, for the Occupation of the valuable Province of Cuttack.

His Excellency in Council observed with great Satisfaction the Judgment, Skill, and Firmness manifested by Licutenant Colonel Harcourt, in directing the Movement of the Division of the Troops, which entered the Province of Cuttack from Ganjam.

The Difficulties opposed to the Progress of the Troops by the peculiar Nature of the Country, by the Period of the Season, and by the Resistance of the Enemy, were furmounted by Lieutenant-Colonel Harcourt, and by the brave Officers and Troops under his Command, with the same Spirit of Gallantry and Perseverance which has secured the Success of every Operation of the British Army in every Part of India during this glorious Campaign.

The Governor General in Council highly approves the judicious Arrangements prepared by Lieutenant-Colonel Harcourt for the Siege and Affault of the Fort of Barabutty at Cuttack, and the fpirited Exertion by which that important Service was executed with Success and Honor on the 14th in-

stant.

His Excellency in Council directs Lieutenant-Colonel Harcourt to fignify his diflinguished Approbation of the Merits of Lieutenant-Colonel Clayton of the Bengal 20th Regiment Native Infantry, who commanded the Attack, and of the Steadiness and Bravery of all the Officers and Troops employed in the Affault of the Fort.

It affords confiderable Satisfaction to the Governor-General in Council to remark, that this important Service has been effected with fo little Lof? and His Excellency trulls that Captain Hurlitone of His Majefty's 22d Regiment, Captain Kenny of the 19th Regiment of Madvas Native Infantry, and Lieutenant Faithful of the Bengal Artillery, will fpeedily be reflored to the public Service, in which their Courage and Refolution have already been diftinguished.

The Governor General in Council expresses his Sense of the Activity, Zeal, and weful Services of Captain Blunt, Field Engineer in Cuttack, and also of the Conduct of Captain Hetzler of the Bengal

Artillery

The Colours taken in the Affault of the Fort of Cuttack by the Detachments of His Majelly's 22d Regiment, the 20th Bengal Native Regiment, and the 9th and 19th Madras Native Regiments, are to be publicly diplayed in the Fort of Cuttack, and afterwards lodged in the principal Building in the Fort, with an Infeription fignifying the Names of the Corps by which the Standards were refpectively taken from the Enemy.

His Excellency in Council expresses the Satisfaction with which he has noticed the zealous and efficient Services of Major of Brigade Thompson.

During the Advance of the Force under the immediate Direction of Lieutenant-Colonel Harcourt from Ganjam, the Conduct of the Officers and Troops employed at Balafore under the Command of Captain Morgan of the 7th Bengal Native Regiment, and of that which marched from Jellafore under the Command of Lieutenant Colonel Ferguson of the fame Regiment, merits the public Approbation of His Excellency in Council.

The Governor-General in Council particularly approves the firm and skilful Conduct of Captain Morgan, in directing the Disembarkation of the Troops at Balasore, and in the judicious Occupation and Maintenance of that Position. His Excellency in Council also expresses his just Sense of the meritorious and useful Assistance rendered by Captain P. Grant of the 16th Regiment of Bengal Native Insantry, in the Execution of every Branch of the Service at Balasore, and in aiding the Progress of Lieutenant-Colonel Ferguson's Detachment.

Great Advantage has been derived to the Success of our Arms in Cuttack from the Respect which has been uniformly observed by Lieutenant-Colonel Harcourt; and by all the Officers and Troops under his immediate Command, as well as by the Detachments co-operating from Balasore and Jellasore, towards the religious Establishments in Cuttack, and from the exemplary Humanity with which the Lives and private Property of the Inhabitants, and the Sanctity of the Temples and Institutions of the Brahmins have been protected from Violation.

The Governor-General notices with peculiar Plealure the Merits of Lieutenant-Colonel Harcourt, and of the Officers and Troops ferving in Cuttack in this respect, as tending to maintain the Honor of the British Character, and to conciliate the Considence and Attachment of the Inhabitants of that valuable Province.

By Command of His Excellency the Most Noble the Governor-General in Council,

To the Honorable Jonathan Duncan, Efq. President and Governor, Cc. &c. &c. in Council.

HONORABLE SIR,

THAVE the Honor to transmit, for your Information Comment ation, Copy of my Letter of this Day's Date, with Inclosures to the Honorable Major General Arthur Welleslev.

We have taken at least Twenty Stands of Colours from the Arabs and Scindians. I have only been able to collect Ten, at prefent, which, together with the Colours of the Fort, I shall have the Pleasure to send to the Prelidency by the carliest Opportunity.

I have the Honor to be, &c.

H. WOODINGTON, Lieut. Col. &c. Baroach, Aug. 30, 1803.

P. S. Since writing the above, I have Three more Stands of Arab Colours brought to me, befides which I have, at Major Cuyler's particular Request, permitted the 85th Regiment to keep Two, amaking in all Fifteen.

To the Honorable Major General Arthur Wellefley, Commander in Chief of the British Forces on the Western-side of India.

WROTE you Yesterday Evening, after we had formed and taken Possession of the Fort of Baroach. I have now the Honor of acquainting you

more fully on the Subject.

The Breach was reported practicable by the Engineer at Eleven A. M. when I determined to florm, but delayed it until Three o'Clock, not only that I might benefit by the Assistance of the Fury and an armed Boat, which I expected would arrive in Time to take their Stations opposite the Fort, but as I thought that a very likely Hour to find the Enemy off their Guard.

The Vessel and armed Boat, however, did not

arrive in Time to afford any Assistance.

The inclosed Orders for the Storm will inform you of the Disposition I made, as will the accompanying Profile and Elevation of the Western Front of the Fort.

The Enemy made a desperate Attack in opposing our Entrance into the Breach, but by the Valour and Spirit of the Troops were speedily repulsed, and my Orders were carried into full Execution. After Captain Richardson had obtained Possession of the first Gate, Major Cuyler pushed on so rapidly that, he overtook the Arabs before the greatest Part, both Horse and Foot, could get out of the Gate, and put to Death about Two Hundred of them. Many Horses were also killed.

I beg leave to submit to your Notice the ready Co operation of Major Cuyler throughout every Part of the Service, his Gallantry and Conduct in the Command of the Storm, as also of Captain

Richardson who led.

The whole of the Officers and Men employed on this Service have conducted themselves so much to my Satisfaction, that I cannot express myself too frongly in their Commendation.

I am now employed in establishing some Order in the Fort, in getting the Eighteen Pounders, and every Thing we do not want to move with into it,

also in burying the Enemy's dead, amounting to

about Two Hundred and Fifty.

I have great Pleafure in informing you that our Lofs is small. Captain Maclaurin, of His Majesty's 86th, the only Officer wounded, and not badly. A Return of the Killed and Wounded in the Storm, as also a general Return of the Killed and Wounded during the Siege, I enclose.

GENERAL ORDERS, by His Escellency the Most Noble the Governor General in Council.

Fort William, Odober 14, 1803.

HE Governor-General in Council derives general Satisfaction from the Intelligence which he has received of the Reduction of the Fort and City of Baroach, on the 20th of August, and of the Ability, Promptitude, and Gallantry with which that important Service was accomplished by the brave Officers and Troops, under the Command of Lieutenant Colonel Woodington, of the Establishment of Bombay.

His Excellency in Council highly approves the Conduct of Lieutenant-Colonel Woodington, in his judicious and spirited Exertions for the early Reduction of the Place; in directing the Operations of the Siege; in his feasonable Determination to affault the Fort; and in the Disposition which he made of the Troops under his Command, with a View to fecure

the rapid Success of that gallant Attack.

The Governor General in Council fignifies his particular Approbation of the Valour and Judgment manifested by Major Cuyler, of His Majesty's 86th Regiment, throughout the Service at Baroach, and in commanding the Storm of the Fort, and by Captain Richardson, of the same Corps, in leading the Affault. His Excellency in Council also observes with particular Satisfaction the Conduct of Captain Cliffe, of the Engineers of Bombay.

To all the Officers and Troops, European and Native, employed on this honorable Occasion, His Excellency in Council fignifies his high Commenda-

The Governor General in Council laments the Loss of Captain W. Semple, of His Majesty's : 6th Regiment, killed on the 25th of August, and of the few brave Men who fell before Baroach. It is a great Satisfaction however to observe, that an Acquilition fo important should have been secured with the Lofs of only one Officer, and of fo few Soldiers.

In bearing a due Testimony to the Merits of the Officers and Troops employed in the Reduction of Baroach on the 29th of August, the Governor General in Council remarks, that on the same Day, distinguished by the Commencement of the victorious Carcer of the Army of Bengal, under the personal Command of His Excellency General Lake, upon the Frontier of Oude, the Army of Bombay at the Western Extremity of the Peninsula of India, effected a Service of the most arduous Nature, with a fimilar Spirit of Alacrity and Courage.

In the Course of an extensive and complicated System of Military Operations, the glorious Success of our Arms fince the Commencement of this War has been uniform in every Part of India: The able and gallant Officers and Troops of His Majesty's Service, and of the several Establishments of the

Three P. Edencies, have been actuated by equal Sentiments of public Spirit and Honor, and have cooperated with equal Ardour and Success, in an united Effort to accomplish the just Objects of the Allies. The Governor General in Council consides in the Justice of our Cause, in the unanimous Zeal of the Three Presidencies, and in the continued Cooperation of their respective Resources and Power, that the Views of the consederate Chieftains will be speedily frustrated by the complete Restoration of Peace and Tranquillity to the Provinces of Hindostan and the Decan, which have been disturbed by the Ambition and Violence of the Enemy.

The Governor General in Council directs, that Copies of this Order be transmitted to the Right Honorable the Governor in Council at Fort St. George, and to the Honorable the Governor in Council at Bombay, to be published to the Army of

those Presidencies respectively.

Fort William, November 1, 1802.

ISPATCHES have been received this Day from the Honorable Major General Welletley, under Date the 6th of October 1803, containing Intelligence, that, on the 5th of October, Major General Wellefley had received a Letter from the Enemy's Camp, figured by Ballajee Khoonjur, One of the Ministers of Dowlut Row Scindiah, requesting that Major General Wellesley would dipatch a British Officer, together with an Octioer of the Subahdar of the Dekan, to the Enemy's Camp, for the Purpose of negociating Terms of Peace between the Allies, and the confederate Marhattah Chieftains.

and the confederate Marhattah Chieftains.

Maj r. General Wellesley had not complied with this Request, but had signified his Disposition to receive at the British Camp, with every Mark of Honor and Respect, any Person duly empowered by the direct Authority of Dowlut Row Scindiah, or of the Rajah of Berar, to propose Terms of Peace to the

Alli.d Powers.

GENERAL ORDERS, by His Excellency the Most Noble the Governor General in Council.

Fort William, Olaber 30, 1803.

THE Governor General in Council has this Day received from Mijor General the Honorable Arthur Wellefley, the Official Report of the fignal and splendid Victory obtained by the Troops under the personal Command of that distinguished Officer, on the 23d September, at Assye, in the Dekkan, over the Combined Armies of Dowlut Rao Seiudiah and the Rajah of Berar.

At the Close of a Campaign of the most brilliant Success in every Quarter of India, this transcendent Victory demands a festimony of public Honor, equal to any which the Justice of the British Government in India has ever conferred on the Conduct of our Officers and Troops, in the most distinguished Period

of our military Hiltory.

The Governor General, in Council, highly approves the skilful Plan formed by Major General Wellesley on the 21st of September, for precluding the Escape of the Enemy, and for reducing their Combined Army to the Necessity of hazarding a general Action.

His Excellency, in Council, also fignifies his most cordial Approbation of the Magnazimity, Promptitude, and Judgment with which Major-General Wellelly determined upon the instantaneous Attack of the

Enemy on the 23d of September.

During the fevere Action which enfued, the Conduct of Major-General Wellefley united a Degree of Ability, of Prudence, and of dauntless Spirit, leidom

equalled, and never surpassed.

The Governor-General in Council fignifies his warmest Applause of the exemplary Order and Steadiness with which the Troops advanced under a most destructive Fire, against a Body of the Enemy's Infantry, confiderably superior in Number, and determined to oppose a vigorous Resistance to our Attack. The numerous Infantry of the Enemy were driven from their powerful Artillery at the Point of the Bayonet, with an Alacrity and Resolution truly worthy of British Soldiers, and the Firanness and Discipline manifested by our brave Infantry, in repelling the great Body of the Enemy's Cavalry, merit the highest Commendation.

The Governor-General in Council has remarked with great Satisfaction the gallant and skilful Conduct of the Cavalry, commanded by Lieutenant-Colonel Maxwell, and particularly of His Majelly's 19th Regiment of Light Dragoons, a Corps distinguished in India by a long and uninterrupted Course of arduous Service and of progressive Honor.

His Excellency in Council directs Major General Wellefley to figurify to all the Officers and Troops employed on this glorious Occasion, and especially to Lieutenant-Colonel Harness and to Lieutenant-Colonel Wallace, who commanded Brigades, and to the Officers of the Staff, the high Senie entertained by the Governor General in Council of their eminent and honorable Services.

The important Benefits resulting from the Trinmph of our Arms in the Battle of Assye are not inferior to the Splendor of the Action. The immediate Consequences derived from the Exertions of that Day, have been the complete Defeat of the Combined Army of the consederate Chieftains; an irreparable Blow to the Strength and Essieiney of their military Resources, especially of their Artillery, in the Dekkan; the Expulsion of an hostile and predatory Army from the Territory of our Ally the Subahdar of the Dekkan; and a seasonable and essectual Check to the Ambition, Pride, and Audacity of the Enemy.

The prosperous Result of these Advantages must be accelerated by the auspicious Progress of our Arms in other Provinces of India, and it may reasonably be expected that the decisive Victories gained at Delhi and Assy, on the 11th and 23d of September, will speedily compel the Enemy to restore

Peace to Hindooftan and to the Dekkan.

The Atchievements of our Commanders, Officers, and Proops, during this Campaign, and especially in the figual Victories of Delhi and of Assye, must inspire a general Sentiment of just Considence in the Vigour of our Military Resources, and in the Stability of our Dominion and Power. Our uniform

Success in frustrating every Advantage of superior Numbers, of powerful Artillery, and even of obstinate Resistance, opposed by the Enemy, constitutes a satisfactory Proof of the established Superiority of British Discipline, Experience, and Valour; and demonstrates, that the glorious Progress of our Arms is not the accidental Result of a temporary or transfent Advantage, but the natural and certain Essect of a permanent Cause.

From these Respections Consolation is to be derived for the Loss of those lamented and honored Officers and Soldiers, who, animated by the gallant Spirit of their General, and emulating the noble Example of his Zeal and Courage, facrificed their Lives to the Honor and Interests of their Country.

The Governor-General in Council greatly regrets the Lofs of Lieutenant Colonel Maxwell of His Majesty's 19th Dragoons, who sell at the Head of the British Cavalry, bravely charging a large Body of the Enemy's Infantry. With the utmost Concern his Excellency in Council records the Names of the valuable and excellent Officers who have fallen with Glory at the Battle of Assy, in atchieving the complete Deseat of the Enemy, and in establishing the Triumphs of the British Arms in the Dekkan. Lieutenant Colonel Maxwell; Captains R. Boyle, H. Mackey, D. Aytone, A. Dyce, R. Macleod, and T. Maxwell; Captain Lieutenants Steele and Fowler; Lieutenants Bonomi, Grissith, J. Campbell, J. M. Campbell, J. Grant, R. Nelson, L. Campbell, M. Morris, and J. Douglas; Lieutenants Brown, Mavor, Perrie; and Volunteer Tew.

In Testimony of the high Honor acquired by the Army under the personal Command of Major General Wellesley at the Battle of Assyc, the Governor-General in Council is pleased to order, that honorary Colours, with a Device properly suited to commemorate that signal and splendid Victory, be presented to the Corps of Cavalry and Insantry employed on that glorious Occasion. The Names of the brave Officers and Men who sell at the Battle of Assye will be commemorated, together with the Circumstances of the Action, upon the public Monument to be erected at Fort William, to the Memory of those who have fallen in the public Service during the present Campaign.

The honorary Colours granted by these Orders to His Majetty's 19th Regiment of Dragoons, and to the 74th and 78th Regiments of Foot, are to be used by those Corps while they shall continue in India, or until His Majetty's most gracious Pleasure be signified through his Excellency the Commander in Chief.

His Excellency the Most Noble the Governor-General, Captain General and Commander in Chief of all the Land Forces serving in the East Indies, is pleased to direct, that these Orders be publicly read to the Troops under Arms, at every Station of the Land Forces in the East Indies, and that the European Officers of the Native Corps do cause the same to be duly explained to the Native Officers and Troops.

By Command of his Excellency the Most Noble the Governor-General in Council,

To Colonel Murray, commanding the Forces in the Guzerat.

SIR

IN Consequence of your Communication to me last Night, that you had not received my official Communication on the Surrender of Powaughur by Capitulation, I have the Honor to address you again on the Subject.

After a Breach had been effected in the Wall of the inner Fort, as also that another was almost practicable in a Tower at the Angle of the outer Fort, the Garrison offered to capitulate on the Morning of the 17th, on Condition of being protected in their Persons and private Property. To these Terms I agreed, on Condition of immediately taking Possessing of the Breach in the inner Wall with a Company of Sepoys: they however tacked other Stipulations to the Capitulation, viz. that I should agree to pay them the Arrears due from Scindiah, and that Two of the Commanders of the Guicawar Cayalry with me samounting to about

500 Horse) should fign the Agreement. To these latter Articles I would on no Account agree, and it was not until Four P. M. when they found, from our continuing to batter, that I would admit of no Delay, that they agreed to the original Terms, which were immediately carried into full Effect, by their Evacuation of the Fort and Mountain, of which we took Possessing.

If this had not taken Place I had made the necessary Arrangements for Storming both Breaches on the Morning of the 18th, and I conceive that the Garrison were intimidated from a Knowledge that, if they opposed us on our entering the Breaches, their Communication with the upper Fort would be cut off, and they had no other Way to Escape than the Road which led down by our Battery.

the Road which led down by our Battery.

Could they have obtained Poffession of the upper
Fort, or Balla Killa, at the Top of the Mountain, I
am inclined to think it utterly impregnable.

I have left Captain Cliffe of the Engineers to take a Plan and View of the Forts and Works on the Mountain, which I doubt not, from his known Abilities, will be ably executed.

It is with the greatest Pleasure, that I embrace this Opportunity of submitting for your Notice, the Merits, Zeal, and great Exertions of all Ranks on this Service.

I have the Honor to be, &c. (Signed) H. WOODINGTON, Lieut. Col. Baroda, September 21, 1803.

Copy of a Letter from the Right Honorable Lord Keith, K. B. A miral of the Blue, Sc. to William Marsden, Esq; dated on board His Majesty's Ship Monarch, off Ramsfate, the 9th Instant.

HEREWITH transmit, for their Lordships' Information, a Copy of a Letter which I have this Morning received from Rear-Admiral Thorn-brough, inclosing one to him from Captain Hardinge, of His Majetly's Sloop the Scorpion, in which he reports the successful sflue of a most gallant and spirited Attack which was made by Captains Hardinge and Pelly with the Boats of the Scorpion and Beaver on the Dutch National Brig Atalante, at Ancher within the Vlie Roads, on the 31st of last Month.

Although the Brilliancy of this Service can receive no additional Luftre from any Commendation that it is in my Power to bellow, I obey the Dietates of both Duty and Incination in recommending the diffinguished Services of Captains Hardinge and Pelly, and of the Officers and Men employed under them on this Occasion, to the Consideration of their Lordships, who will not fail to observe the Delicacy with which Captain Hardinge refrains in his Narrative from any Mention whatever of himself, nor to recollect that Captain Pelly was promoted to the Rank of a Commander in consequence of his being most severely wounded in the Performance of his Duty before Boulogne.

I am, &c. KEITH.

Defence, 4th April 1804, Ky kdom

My LORD, East 8 Leagues. HAVE the Honor to inform your Lordship, that I detached the Scorpion Sloop on the 2; the Ultimo to cruize off the Vlie Paffage, in order to watch the Motions of the Enemy in that Quarter, having previously received Information that Two Dutch National Brigs were at Anchor in the Vlic Road. I have now the Satisfaction of stating to your Lordship, that I was Yeslerday Asternoon joined by the Scorpion and Beaver Sloops, bringing with them the Atalanta Dutch National Brig, One of the Vessels above alluded to, and the Commodore of a fmall Squadron placed there, for the Protection of that Paffage and Road, which they carried in the most gallant and spirited Manner, although she was fully prepared for the Contest, having Boarding Netting triced up, and defended in the most obstinate Manner; fo determined was the Captain that he refused Quarter when most generously offered him, and fell in the Defence of his Brig; the carries Sixteen long Twelve Pounders, is the largest and finest Vessel of her Ciafs I ever faw, is only Three Years old, and, in my Opinion, will make a most complete Sloop of War.

I have the Honor of enclosing to your Lordship

I have the Honor of enclosing to your Lordship a Copy of Captain Hardinge's Letter to me upon the Subject, and must beg Leave to remark, that both Captains Hardinge and Pelly were personally engaged in the Enterprize, which I trust will recommend them to your Lordship's Protection.

I have the Honor to be, &c.

SIR, 3d April 1804.

I AVING reconnoitered the Polition of the two
Men of War Brigs in the Vlie, I refolved to
attempt the Outermost on the first favourable Opportunity.

When accidentally falling in with His Majefty's Sloop Beaver in her Way to her Station, on the 31st Ultimo, Captain Pelly very handfomely volunteered the Affistance of himself and his Boats.

The Attack was made the fame Night; the Intrepidity of British Scamen overcame every Obstacle, the being in all Respects prepared with Boarding-Netting, &c.) and after a sharp Contest we were in full Possession of her. She proves to be the Dutch National Brig Atalante, Captain Curp, mounting Sixteen long Tweive Pounders, and had on board Seventy-six Men.

She is one of the largest Brigs in the Dutch Navy, is a remarkable fine Vessel, and in my Opinion admirably calculated for His Majesty's Service.

I am happy to add, it has not been attended with the Lofs of one Man on our Part, and only five wounded. I beg Leave to fay how much I am indebted to the Zeal and Gallantry of Captain Pelly, Lieutenants Bluett, White, and Shields, with Meffis. Williams and Fair, Mafters, and the reft of the Petty Officers and Men, for their cool, flearly, and determined Conduct throughout the Whole, as from a Shift of Wind we were unable to bring her out for Three Days. I herewith return Links of the Killed and Wounded. I have the Honor to be, &c.

April 4, 1804. THE Chance of War having put into our Pos-fession the Atalante, Dutch National Brig, and being defirous of paying every Attention to the Memory of Captain Carp, her Commander, who gallantly fell at his Post, in the Defence of the Ship entrusted to his Care, I have fent his Servant to you with his Effects, in order that they may be de-

livered to his Relatives.

The English not confidering Persons serving on board Ships of War in civil Capacities, as liable to be made Prifoners, I have liberated and fent on · Shore the Purser and Pilot, that were taken on board the Atalante, and have charged the former with the Delivery of this Letter to you. I feel great Concern at having been under the Necessity of fending the Surgeon and wounded Men belonging to the Brig, to England; the Dictates of Humanity would have induced me to fend them to the Helder, could I have been affured that my Flag of Truce would have been respected, and the Officers permitted to return, which has ever been the Cultom with civilized Powers at War, until the last Summer, when an English Officer, going to Helbort under a Flag of Truce, was detained and feat Prisoner into France: Enclosed I have sent an Inventory of Captain Carp's Effects.

THE following Difpatches have been received at the East India-House by Way of Bagdad:

To His Excellency the Most Noble Marquis Wellestey, Sc. Sc. Sc.

Camp, Four Miles to the Westward of My Lord, Casfowly, Nov. 1, 1803.

I HAVE the Honor to inform your Excellency that I marched from Agra upon the 27th Ultimo, in Purluit of the Mahratta Force, which was composed of the Brigades which had been detached from the Dekhan, in the early Part of the Campaign, and of a few Battalions which had effected their Escape from Delhi. I was the more auxious to defeat this Corps from its being furnished with a numerous Artillery. Owing to the Detention the Army met with from a heavy Fall of Rain, it was not until the 29th that it reached a Camp to the Westward of the Futtipoor. From Intelligence I received here of the rapid Manner in which the Mahratta Army was moving, I determined to leave the heavy Artillery, with a proper Detach-ment of Infantry, for its Protection, and to purfue the Enemy by forced Marches, in the Hope of being able the more speedily to come up with him On the 11st the Army engaged at a flort Dislance On the 31st the Army encamped at a short Distance from the Ground which the Enemy had quitted the same Morning. Possessed of this Intelligence, I resolved to make an Effort to overtake him with all the Cavalry of the Army, in the Intention of delaying him, by a light Engagement, until the Infantry should be able to come up. To this End the Cavalry marched at Twelve last Night, and having performed a Diltance of more than Forty Miles in Twenty-four Hours, came up with the Enemy this Morning, foon after Day-break. From the fudden Manner in which I came upon the Encmy, I ventured to make an Attack with the Cavalry alone, supported by the Mounted Artillery; but finding him too advantageously posted to hope for complete Success without too much Risk, I drew the Cavalry out of Reach of Cannon Shot, and waited the Arrival of the Infantry. their Arrival I made a general Attack upon the Enemy's Polition, the Refult of which I have the Satisfaction of informing your Excellency has been !

a complete, though I fincerely lament to add, dear

bought Victory.

The Enemy were totally defeated, with the Lofs of all their Cannon, Tumbrils, and Baggage; but this important Advantage has only been gained by the Lois of many valuable Officers, the principal of whom are Major General Ware, Colonel Vandeleur, Major Griffiths, Major Campbell, the Deputy Quarter-Mafter General, and my Aide-de-Camp, Lieutenant Duval, who gloriously fell in this honourable Contest.

I have not been able to afcertain the exact Account of our Lofs in Killed and Wounded, Returns of which, with a detailed Account of this important Affair, I shall have the Honor of transmitting to your Excellency by the first Opportunity.

I have the Honor to be, &c. (Signed) G. LAKE.

To His Excellency the Most Noble Marquis Wellesley,

My Lord,

IN my Difpatch of Yesterday's Date I did myself the Honor to state, for your Lordship's Information, some Particulars of the March of the Army from Agra to the Camp it now occupies, together with the general Result of the Action, which took place Yesterday. I now have the Honor to send your Excellency a more detailed Account of that Assair.

After a forced March of Twenty-five Miles, which was performed by the Cavalry in a little more than Six Hours, I came up with the Enemy, who appeared to be upon their Retreat, and in fuch Confusion, that I was tempted to try the Effect of an Attack upon him with the Cavalry alone. By cutting the Embankment of a large Refervoir of Water, the Enemy had rendered the Road very difficult to pass, which caused a confiderable Delay in the Advance of the Cavalry; of this the Enemy had availed himself to take an advantageous Post, having his Right upon a Rivulet, which we had to cross, and his Left upon the Village of Saswate; the whole of his Front was amply provided with Artillery. I was prevented from discovering this Change in the Situation of the Enemy, by the Quantity of Dust, which, when once clear of the Water, totally obscured him

from our Sight; I therefore proceeded in the Execu- , a great Superiority, both in Number and Weight of tion of my Defign, by which I hoped to prevent his Retreat into the Hills, and fecure his Guns; directing the Advanced Guard and first Brigade commanded by Colonel Vandeleur, upon the Point where I had observed the Enemy in Motion, but which proved to be the Lest of his new Position; the Remainder of the Cavalry I ordered to attack in Succession, as soon as they could form after passing the Rivulet.

The Charge of the Advanced Guard under Major Griffith, and that of the First Brigade led by Colonel Vaudeleur, was made with much Gallantry; the Enemy's Line was forced, and the Cavalry penetrated into the Village; they fill however continued to be exposed to a most galling. Fire of Cannon and Mulquetry, which, as it was impossible under such Circumstances to form the Squadrons for a fresh At tack, determined me to withdraw them. The Guns which had fallen into our Hands, could not be brought away from the Want of Bullocks. In this Charge Colonel Vandeleur fell, mortally wounded; in him, the Service has loft a most valuable Officer.

The Attacks of the other Brigades were conducted with the fame Spirit; but after taking feveral of the Enemies' Guns, being still fired upon without being able to discover the Enemy, they retired in good Order, retaining Possession of a Part of the Artillery. In the Performance of this Service, the Third Brigade, consisting of His Majesty's 29th Regiment, and the 4th Regiment of Native Cavalry, under the Command of that meritorious Officer, Colonel Macan, met my entire Approbation.

The Infantry having marched at Three A. M. arrived upon the Banks of the Rivulet about Eleven o'Clock. After fo long a March it was abfolutely necessary to allow fome Time for the Men to refresh themselves, during which the Enemy fent in to say, that if certain Terms were allowed them, they were willing to lurrender their Guns. Anxious to prevent the further Effusion of Blood, I directed a Letter to be written, acquiefcing in their Propofals, and allowing them an Hour to decide. In the mean Time the feveral Columns for the Attack were formed. The Infantry formed in Two Columns upon the Left; the First, composed of the Right Wing, under the Command of Major General Ware, was destined to gain the Enemy's Right Flank, which he had thrown back fince the Morning, leaving a confiderable Space between it and the Rivulet, and to affault the Village of Safwaree; the Second, composed of the Left Wing under Major-General St. John, was to support the first Column; the Third Brigade of Cavalry, under Colonel Macan, was to support the Infantry; the Second Brigade, under Lieutenant-Colonel Vandeleur, was detached to the Right, to be ready to take Advantage of any Coniusion in the Enemy's Line, and to attack him upon his Retreat. The Brigade under Colonel Gordon composed the Reserve, and was formed between the Second and Third Brigades. As many of the Field-Pieces as could be brought op with the Gallopers attached to the Cavalry, formed four different Batteries.

At the Expiration of the Time which I had allowed the Enciny to decide, I ordered the Infantry to advance; as foon as they became exposed to the Enemy's Guns, the four Batteries commenced their Fire, and continued to advance, though opposed by

When the 76th Regiment, which headed the Attack, had arrived at the Point from which I intended to make the Charge, they were fo much exposed to the Enemy's Fire, and losing Men so sail, that I judged it preserable to proceed to the Attack with that Regiment, and as many of the Native Infantry as had closed to the Front, to lofing Time in waiting until the Remainder of the Column thould be able to form, the March of which had been retarded by the Impediments in the Advance.

As foon as this Handful of Heroes were arrived within Reach of the Enemy's Cannifler Shot, a moll tremendous Fire was opened upon them. The Lofs they fullained was very fevere, and fufficient alone to prevent a regular Advance. At this Moment the Enemy's Cavalry attempted to charge, but were repulled by the Fire of this gallant Body: they, however, rallied at a fliort Distance, and affumed fo menacing a Pollure, that I thought it adviscable to order them to be attacked by the Cavalry. This Service fell to the Share of His Ma-jelly's 29th Regiment, commanded by Captain Wade (Major Griffith having at that Instant been unfortunately killed by a Cannon-shot), and was performed with the greatest Gallantry, and in a Manner which entitles Captain Wade, and every Officer and Soldier in the Regiment, to my warment Acknowledgments. The Remainder of the First Column of Infantry arrived just in Time to join in the Attack of the Enemy's Referve, which was formed in the Rear of his Line, with its Left apon the Village of Safwaree, and its Right thrown back.

About this Time Major-General Ware fell dead, his Head being carried off by a Cannon Shot. He was a gallant Officer, and one whose Lofs I deeply lament. On his Death the Command of this Column devolved upon Colonel M'Donald, who, though wounded, continued to acquit himfelf in this important Command, very much to my Satisfaction.

The Enemy opposed a vigorous Refillance to the last, and it was not until he had lost his Guns, that he abandoned his Post. Even then his Left Wing did not fly, but attempted to retreat in good Order; in this, however, they were frullrated by His Majesty's 27th Regiment, and the 6th Regiment of Native Cavalry, under the Command of Lieutenaut-Colonel Vandeleur, who broke in upon the Column, cut feveral to Pieces, and drove the Reft in Prifoners, with the whole of the Baggage.

Severe as the Lofs has been which we have fuftained in the Atchievement of this compleat Victory, that of the Enemy has been far greater. With the Exception of upwards of Two Thousand, who have been taken Prisoners (of which Number I have only detained the principal Officers, amounting to Forty-eight), I have Reason to believe that very

few escaped the general Slaughter.

It would be a Violation of my Feelings, were I to close my Dispatch, without bearing Tellimony to the gallant Conduct of Major M'Leod, and Captain Robertson of His Majelly's 76th Regiment, and of every Officer and Soldier of that inellimable Corps, in the Attack of the Village of Safwaree. Major Gregory too, at the Head of the 2d Battalion 12th Regiment of Native Infantry, in the fame Service displayed a Conduct highly meritorious.

In the Lift of those Officers who particularly diftinguished themselves, I cannot omit the Names of Lieutenant Wallace of His Majesty's 27th Regiment, who was entrusted with the Command of a Battery of Gallopers, nor that of Lieutenant Dixon of the 6th Regiment Native Cavalry, who was employed

in the fame Service.

The whole of my Staff upon this, as upon every former Occasion, are entitled to a large Share of Draife and to my warmest Gratitude. The Zeal Praife, and to my warmest Gratitude. which they displayed upon this memorable Day, is too plainly proved by the enclosed Returns of the Killed and Wounded. I have sustained a great Loss by the Death of Major William Campbell, the Deputy Quarter Maller General, and by that of my Aid-de-Camp, Lieutenant Duval, of His Majesty's 19th Light Dragoons, who was a young Man of great Promise.

Herewith I have the Honor to enclose Returns of the Ordnance and Colours which were captured upon

this Occasion.

I have the Honor to be, &c. (Signed) G. LAKE.

Head-Quarters, Camp near Sajwaree, November 2, 1803.

P. S. In the Hurry which I wrote my Dispatch of Yesterday's Date, I fear I did not explain to your Lordship, that the Enemy's Corps, which we have defeated, comprifed the Whole of the Fifteen Regular Battalions, which had been fent from the Decan, under the Command of Monfieur Duderneg, and Two Battalions of the fame Description, which had escaped from Delhi. I therefore have the Satisfaction of congratulating your Excellency, upon the Annihilation of the Whole of the Regular Force in Sindiah's Service, commanded by French (Signed) Officers. G. L.

Extra8 of a Letter from the Governor in Council at Bombay, to the Secret Committee of the Court of Directors of the East-India Company, dated Nov. 14,

THE Official Advices here enclosed, convey the important Intelligence of Colonel Stevenson's having taken Possession of the City of Berhampore, on the 15th of October, of his having marched to Affeer Ghur, a strong Fort in that Vicinity, on the 17th, taken the Pettah on the 18th, opened a Battery against the Fort on the 20th, and obtained Pof-fession of it in the Morning of the 21st. General Wellefley's Dispatch, of the 6th Instant, contains a Detail of these Operations, and of Circumstances connected with them.

(ENCLOSURE, No. I.)

Letter from Major-General Wellefley to His Excellency the Governor-General; dated Camp at Ferdapoor, 24th October 1803, of which the following is an Extract:

HAVE the Pleasure to inform your Excellency, that Colonel Stevenson took Possession of the City of Berhampore, without Opposition, on the 15th Inflant; he marched to Affect Ghur on the 17th; took Possession of the Pettah on the 18th; opened a Battery against the Fort on the 20th, and obtained Poffession of it on the Morning of the 21st. I have not yet received a detailed Account of the Manner in which Colonel Stevenson obtained Possesfion of this important Fortress, or whether he suftained any Loss in the Attack of the Pettah on the 18th, or of the Fort.

After I had arrived at Phoolmurry, about Sixteen Miles North from Aurungabad, I found that the Enemy did not advance to the Southward, as I had been informed they first intended; and on the Night of the 15th, I received a particular Account of the Disposition of their Troops, Baggage, &c. which ennvinced me that they intended to endeavour to interrupt Colonel Stevenson's Operations at Asser Ghur.

I therefore marched on the 16th to the Northward and descended the Ghant of Adjuntee on the 19th; Sindia had moved to the Northward, but he halted as foon as he found that I had returned, and he was Yellerday at Ahoonah on the Taptee. The Raja of Berar has separated from him, and, it is faid, gone towards Chandore. I suspect that Report has been circulated with a View to draw me to the Southward again; but as Colonel Stevenson has got Possession of Asieer Chur, and is fully equal to any Thing that can be fent against him, it is my Intention

Sixteen Officers and Serjeants belonging to the Campoos have joined Colonel Stevenson under your Excellency's Proclamation of the 29th August; I will hereafter fend a Lift of their Names, and an Account of the Pay which each is to receive. Infantry returned towards the Nerbudda when Colonel Stevenson approached Burhampoor, and by all Accounts, it is completely deflroyed and diforganized; it is impossible to form it into Corps again, and it is not probable that it ever will be of any Service to Dowlot Row Sindia.

I have directed Colonel Stevenson to place a Garrison in Asser Ghur, and to deliver the Districts depending upon that Fortress to the Charge of the Servants of the Soubah of the Deckan. Your Excollency will observe that this is the Last of the Posfessions of Dowlut Row Sindia in the Deckan; and the Operations of the Troops will now be directed against those of the Rajah of Berar.

(ENCLOSURE, No. II.)

Letter from Major-General Wellefley to His Excellency the Governor-General, dated Camp, November 6,

My LORD,

NOW proceed to give your Excellency a detailed Account of Colonel Stevenson's Operations

against Asser Ghur.

On the 17th of October, he advanced to Affeer Ghur, and encamped Three Miles South of the Fort; the Remains of the Enemy's Infantry had fled toward the Nerbuddah, on the preceding Day, in the State in which I reported them to be in my Letter of the 24th of October, and Colonel Stevenfon, therefore, determined to attack Affeer Ghur.

On the 18th, he reconnoitred the Fort, attended by a Squadion of Cavalry, and the Julien Pickets of the lufantry; and having feen a favourable Op-portunity, attacked the Pettah, and carried it, and made a Lodgement within One Hundred and Fifty Yards of the lower Wall of the Fort. In the Even ing, he reinforced the Troops in the Pettah, by a Battalion.

On the 19th, all the Preparations were made for carrying on the Siege, and two Batteries were ready to open at Two o'Clock in the Afternoon of the 20th, one to break the upper Wall, and another of Four Brass Twelve Pounders, to destroy the Defences of the lower Wall.

On the 18th, Colonel Stevenson had fent a Flag of Truce to the Killedar, to fummon him to furrender the Fort, to which Meffage he did not re-

ceive a decided Answer.

The Communication was continued, but Colonel Stevenson did not relax his Operation against the Fort, as there was Reafon to believe, that the Negotiation was carried on only to give Time to Dowlut Row Scindia to come to its Relief. Before opening his Batteries, Colonel Stevenson apprized the Killedar of the Terms on which he should surrender the Fort: which were, that the Garrison should march out with their private Property, and be allowed to go where they might think proper, and that their Arrears should be paid to the Amount of Twenty Thousand Rupees.

After the Batteries had opened about an Hour, a White Flag was shewn from the Walls of the Fort,

which was the Signal which had been agreed upon, in cafe the Terms should be accepted; Hollages were fent down, and an Engagement made, that the Fort should be delivered up on the following Morning. It was accordingly evacuated; the Garrison carried off their Property in Security, and received the Sum agreed to be paid to them.

Colonel Stevenson mentions, in high Terms, the Conduct of the Officers and Troops under his Command; and I cannot omit to take this Opportunity of expressing to your Excellency, my Senic of the Merits of Colonel Stevenson, and of the Body of Troops under his Command. Upon every Occasion I have received the most cordial and zealous Affistance, and the Troops under his Command are in the highest State of Discipline and Order, and fit for any Service on which they can be employed.

On the 16th, Nine Officers, Four Serjeants, and One Matrols, formerly in the Service of Dowlut Row Scindia, delivered themselves up to-Colonel Stevenson, under your Excellency's Proclamation

of the 29th of August.

I have the Honor to enclose a List of their Names. and a Copy of the Order iffued by Colonel Stevenfon, to provide for their Subfiftence. Lieutenant Stuart also delivered himself up at Poonah, in the End of the last Month. I have called for Accounts of the regulated Pay and Allowances which those Persons received, in the Service of Dowlnt Row Scindia, which I shall hereafter have the Honor of transmitting to your Excellency.

I have the Honor to enclose a Return of the Killed and Wounded, of the Troops, under the Command of Colonel Stevenson, during the Operations against Asseer Ghur. Hereaster I shall have the Honor of transmitting a Return of the Ordnance Stores, Grain, and other Articles, captured in

the Fort.

Downing Street, April 22, 1804.
DISPATCHES, of which the following are Copies, were this Day received by the Principal Honorable Lord Hobart, One of His Majethy's Principal Secretaries of State, from Colonel John

Fraier, Commandent of the Settlement of Goree, on the Coast of Africa:

My Lord, Goree, Africa, 5th Feb. 1804.

Nother 17th of January, about Koon, a Negro arrived from Yoff, and reported that a Fleet had been feen from thence that Morning, at Daylight, and appeared to be flanding for Goree.

Before Two o'Clock Veffels were feen from the Hill hehind Cape Emanuel; near Four they came round the Cape; the Squadron confilling of Ore Ship, carrying a Commodore's Pendant, and Five Armed Schooners, with Pendants, all shewing Freuch Colours, and with large Boats towing after them.

The Commodore fired a Gun, and honted a Red Flag at his Foremast Head, which we have fince learnt was meant as a Signal to us, that in case of Attack during Night, no Quarter would be given.

About Sunfet the Squadron tacked, and before dark was near the Anchorage, standing in.

The Inhabitants having agreed to affilt in defending the Island against any Attempt that should be made from Senegal, and being of Opinion that the present Force was of that Nature, such Measures were taken as appeared most likely to prevent the Enemy from Landing during the Night: All the Arms that could be procured were accordingly issued to the Inhabitants, who, with the Garrison, were stationed at the different Posts round the Island.

The Moon fet at Eleven, and Affairs remained in the Situation deferibed until about Three o'Clock on the 18th; when hortly after I had returned to the Beach Battery from vifiting the Pofts, a fresh firing commenced on the East Side of the Island from Boats, and at the same Instant a Schooner came in Sight, standing directly for the Beach; a strong and well directed Fire of great Guns and Musicery was immediately opened upon her, and the People on board, being either wounded or driven below, she drifted on shore.

In the mean Time the Boats, to the Number of Eight, full of Troops, had unfortunately effected a landing on the Rocks to the East Side of the Town, where the Surf happened to be unufually low, and having overcome the Force which was opposed to them, they had penetrated through the Town as far as the Main Guard, of which, after being once repulsed, they gained Possession, making some Prisoners.

The Inhabitants having given way nearly on all Sides, and the Enemy being now in fuch Force on our Right, it appeared adviseable to form a Junction with the Soldiers in the North-Point Battery, where we should retain the Command of the Beach, and be ready to check any further Attempt to land, until some Information could be received of the Strength and Situation of the Enemy, to enable me to judge what ought to be done.

The Firing continued until towards Six o'Clock, when being yet uncertain what Number had landed, and in hopes that the Main Guard was the only Post held by the Enemy, I directed that it should be attacked by the Soldiers I had with me, which was executed with great Alacrity, and the Post carried, with considerable Loss on the Part of the Enemy;

or our Side it was fels as to Numbers, but I loft the Affiliance of a very gallant Officer, Doctor Heddle, being that through the Breaft in the Attack, when Captain Lloyd was also flightly wounded.

We now learned that the Ereiny had Poffeli in of the Hill, where Captain Lloyd proposed to attack them, a Measure I should gladly have adopted; but the Day beginning to break, we had the Florisheation to see them appear in inch Numbers as left no Room to suppose there was any Probability of Success, our Force being reduced, by Killed, Wounded, and Prisoners, to about Twenty-sive Soldiers, Captain Lloyd, Lieutenant Chrisly, and myself.

tain Lloyd, Lieutenant Christy, and myfelf.

At this Time the Enemy's Vesicls were standing closer in, apparently to land a Reinforcement; and the Inhabitants, seeing French Colours on the Hill.

came to me, asking Leave to treat.

Under these Cheumslances, and exposed to the Enemy's Fire on all Sides, further Resistance appeared vain; I therefore selt it my Duty to comply with the Request of the Inhabitants, and sent an Officer with them, proposing Terms of Capitalation for the Gerrison.

The Officer who commanded the Storming Party having been killed, the annexed Terms were verbally agreed to with the Senior who furvised, to be communicated to the Commandant of the Squadron; until his Answer should be received string ceased, and we continued to occupy the Battery.

The Terms of Capitulation being confirmed by the Commandant Mahé, the Soldiers grounded their

Arms, and the Piace was furrendered.

We were informed that the Enemy's Force confifted of Four Schooners, which had been fitted out at Cayenne, and fupplied with Soldiers for the Purpose of attacking Gorec; that they had touched at Senegal, where they had been furnished with additional Boats, Pilots, a Reinforcement of Soldiers, and another, Schooner and where they had been joined by the Ship, which happening to call at Senegal was put in Requisition for this Expedition: The Squadron altogether carried upwards of Sixty Guns, and Six Hundred Men, about Two Hundred and Forty of whom had been landed; the Whole under the Command of Monsieur Mahé, Lieutenant de Vaisseau, the Commodore's Pendant having been hoisted only while coming in, by the Captain of the Ship, who had held that Rank in their Navy during the late War.

On the Evening of the Action we had Fifty-four white Men, including Officers, and although the Serjeant-Major was the only one who was not able to come upon the Batteries, when it is confidered, that feveral of the Men, worn out by Difease, and disabled by Accidents, were incapable of making any great Exertion, that uncertain where an Attack might be made in the Night, it was necessary to divide our Force very much to occupy the different Posts, I hope and trust it will appear to our King and to our Country, that the Garrison I had the Honor to command, did not submit without discharging its Duty like British Soldiers.

Our Loss consists of 1 Drummer, 8 Rank and

File, killed; 2 Officers, 8 Rank and File, wounded.

-Total 19.

Of the Enemy, according to the most correct Accounts I can procure, 3 Officers and 40 Men, killed, or fince dead; 2 Officers and upwards of 30 Men, wounded.—Total 75.

Captain Lloyd, who has already on feveral Occations been ment oned as a deferring Officer, both here and at Sierra Leone, continues to merit very

great Praise.

Doctor Heddle having proposed some Time back to do military Duty, I gladly accepted his Offer, and he has given me great Affistance; his Wound, which was at first thought be mortal, having taken a favourable Turn, I am now happy to think he will recover, and I earnelly with to recommend him to your Lordship's Notice, as dillinguished by his Conduct on this Occasion, and also by his Attention to his medical Duties fince we came to I have the Honor to be, &c.

TRANSLATION.

HE French being in Possession of the Hill, THE French being in Possession of the Hill, the Squadron being ready to land more Troops, a considerable Number of Men being killed and wounded on both Sides, and farther Refilance offering only the Profpect of occasioning an unneceffary Effusion of Blood, the following Terms of Capitulation were agreed to:

Whitehall, April 27, 1804.

A DISPATCH, of which the following is a Copy, has been received at the East-India House:

To His Excellency the Most Noble the Governor-General in Council.

My Lord, Camp at Parterly. Nov. 30, 1803. AVING found that the Rajuh of Berar was moving towards his own Territories, that the Body of Troops he had with him was but small, and decreasing in Numbers daily, and not likely to do much Mischief to the Territories of the Soubah of the Dekan, I descended the Ghauts by Rajoora) in order to support and cover Colonel Stevenson's Operations against Gawilghur in Berar.

Colonel Stevenson had equipped his Corps at Affeer Ghur for the Siege of that Fort, and had marched to Ballapore, where he was joined on the 24th by the Brinjarries, and other Supplies which had been faved from the Enemy by Captain Baynes's Affair at Amber, and he marched forward on the 26th.

Your Excellency has been informed that, on the 23d, I had confented to a Suspension of Hostilities with the Troops of Dowlut Rao Scindiah in this Quarter and Guzerat. The Condition on which this Agreement depended, viz. that Scindiah should occupy a Polition Twenty Coss to the East of Elichpour had not been carried into Execution; and Scindiah was cucamped at Serfooly, about Four. Miles from the Camp of Munnoo Bappoo *, which was at this Place. The Army of the former confilled only of Cavalry; that of the latter was Cavalry; a great Part, if not the Whole of Ragojee Bhooflah's Regular Infantry, and a large Proportion of Artillery.

In the Course of the 28th the Vakeels from Dowlut Rao Scindiali urgently pressed me not to attack these Troops; but I informed them repeatedly that there was no Sufpension of Arms with Ragojee Bhoossal, and none with Sciudiah till he should comply with the Terms of his Agreement; and that I should certainly attack the Enemies of the Company wherever I flould find them.

* Brother to the Rajah of Berar.

Colonel Stevenson's Division and mine both marched to this Place Yesterday; the Colonel having, with great Prudence and Propriety, halted on the 28th at Hattee Andorah, to enable me to co-operate in the Attack of the Enemy. We found on our Arrival that the Armies of both Chiefs had decamped; and I could perceive, from a Tower in Parterly, a confused Mass, about Two Miles beyond Serfooly and Scindiah's old Camp, which I

concluded to be their Armies in March.

The Troops had marched a great Distance on a very hot Day, and therefore I did not think it proper to pursue them; but shortly after our Arrival here Bodies of Horse appeared in our Front, with which the Mysore Horse skirmished during a Part of the Day; and when I went out to push forwards the Picquets of the Infantry to Support the Mysore Cavalry, and to take up the Ground of our Encampment, I could perceive diffinely a long Line of Infantry, Cavalry and Artillery, regularly drawn up on the Plains of Argaum, immediately in Front of that Village, and about Six Miles from this Place, at which I intended to encamp.

Although late in the Day I immediately determined to attack this Army. Accordingly I marched on in One Column, the British Cavalry leading, in a Direction nearly parallel to that of the Enemy's Line, covering the Rear and Left by the

Mogul and Myfore Cavalry.

The Enemy's Infantry and Guns were in the Left of their Centre, with a Body of Cavalry on their Left. Scindiah's Army, confifting of One very heavy Body of Cavalry, was in the Right, having upon its Right a Body of Pindaries and other light Troops. Their Line extended above Five Miles, having in their Rear the Village and extensive Gardens and Enclosures of Argaum, and in

their Front a Plain, which, however, was much cut by Water-Courfes, &c. &c. I formed the Army in Two Lines: the Infantry in the first, the Cavalry in the second, and supporting the Right; and the Mogul and Myfore Cavalry the Left, nearly parallel to that of the Enemy, with the Right rather advanced to press upon the Enemy's Left. Some little Time elapsed before the Lines could be formed, owing to a Part of the Insantry of my Division which led the Column having got into some Confusion. When formed the Whole advanced in the greatest Order; the 74th and 78th Regiments were attacked by a large Body (supposed to be Persians) and all these were destroyed. Scindiah's Cavalry charged the 1st Battalion 6th Regiment, which was on the Left of our Line, and were repulfed; and the whole Line retired in Dif-order before our Troops, leaving in our Hands Thirty-eight Pieces of Cannon and all their Am-

The British Cavalry then purfued them for several Miles, and deflroyed great Numbers, and took many Elephants and Camels, and much Baggage. The Mogul and Mysore Cavalry also pursued the Fugitives, and did them great Mischief. Some of the latter are still following them; and I have sent out this Morning all the Mysore, Mogul, and Mahratta Cavalry, in order to secure as many Advantages from this Victory as can be gained, and com-

plete the Enemy's Confusion.

For the Reasons stated in the Commencement of this Letter the Action did not begin till late in the

Day, and, unfortunately, fufficient Daylight did not remain to do all that I could have wished; but the Cavalry continued their Purfuit by Moonlight, and all the Troops were under Arms till a late Hour in

the Night.

I have the Honor to enclose a Return of our Loss in this Action. The Troops conducted themfelves with their usual Bravery. The 74th and 78th Regiments had a particular Opportunity of diftinguishing themselves, and have deserved and received my Thanks. I am also much indebted to Colonel Stevenson for the Advice and Assistance I received from him; to the Honorable Lieutenant-Colonel St. Leger, for the Manner in which he led on the British Cavalry; and to Lieutenant-Colonels Wallace, Adams (who commanded Lieutenant-Colonel Harness's Brigade, the latter being absent on account of fevere Indisposition), Haliburton, Macleane, Pogson, and Major Huddlestone, who commanded Brigades of Cavalry and Infantry; to Major Campbell, commanding the 94th Regiment; to Captain Beauman, commanding the Artillery with the Division under my immediate Command; to Captain Burke, commanding the Artillery with the Sublidiary Force; and to the Officers of the Staff with my Division, and belonging to the Sublidiary Force.

I have also to inform your Excellency, that the Mogul Cavalry under Solabut Khan, and the My-fore Cavalry under Bifluapah Pundit, diftinguished themselves. The former took a Standard from Scindiah's Troops.

The Mahratta Cavalry were not engaged, as the Person who went to them with Orders missed his Road. Amrut Rao was not in the Action, as he had encamped fome Distance in my Rear on the 28th, and he could not march the whole Dillance to Parterly Yesterday Morning; but he sent for Orders as soon as he heard that I intended to attack

I propose to march To-morrow towards Gawilghur, and I shall lose no Time in attacking that Place.

I have the Honor to be, &c. (Signed) ARTHUR WELLESLEY.

Copy of a Letter from Captain Edward Sterling Dickfon, Commander of His Majesty's Ship the Inconstant, to William Marsden, Esq; dated at Goree, the 15th March 1804.

SIR,

HAVE the Honor to acquaint you, for the Information of my Lords Commissioners of the Admiralty, of the Arrival of His Majesty's Ship under my Command, and the Veffels named in the Margin * off the Island of Goree, on the Morning of the 7th March: but, conceiving it possible that it might be in the Possessian of the Enemy, (although English Colours were hoisted on the Citadel, and Sentinels cloathed in Red placed on the different Batteries,) I brought to with the Convoy, and directed Mr. Charles Pickford, my First Lieutenant, to proceed on Shore in the Cutter, and if he found it in the Hands of the English, to make the Signal I established for that Purpose. At Sun-set, not any Signal having been made, nor the Appearance of the Boat, I came to Anchor with the Convey a little out of Gun shot; and deeming it highly necessary to gain some Information with refpect to the Situation of the Garrison, I ordered, at Ten o'Clock, P. M. Three Boats, manned and armed, under the Direction of Mr. Runciman, Midthipman, to proceed into the Harbour, and cut out any of the Vessels he could find, which he did in a gallant Manner, by bringing out a Ship, under a heavy Fire, from the Batteries, which funk our Cutter, and wounded one Man. From her I learned, that the French had been in Possession of Goree fince the 18th of January, and that they had Three Hundred White and Black Troops in the Garrison.

On the 8th Instant, at Daylight, I weighed and stood to the Westward of the Island, to prevent any Succours being thrown in by Sea from Senegal; and, on the Evening of the same Day, being determined to attack it, having ordered Scaling Ladders to be made for that Purpose, at Nine P. M. anchored, and ordered all the Boats of the Convoy to be fent on board the Inconstant, and after embarking as many Troops as they could possibly flow, I found they would not carry a sufficient Number to promise Success; I therefore possponed the Attack until the Arrival of one of our Convoy, which was in Sight, standing into the Bay, as her three Boats could carry from Thirty to Forty more

* Eagle Store-Ship, Hamilton, Venus, Jenny.

Men; at Daylight in the Morning of the 9th Inftant, we were agreeably surprized by seeing the English Colours hoisted over the French, and shortly after I received Information from Lieutenant Pickford, that the Garrison had capitulated with him; I instantly stood into the Harbour with the Convoy, anchored, and disembarked the Troops. Conceiving it of Importance that His Majelty's Ministers should be made acquainted as soon as possible with the Recapture of this Island, I have purchased a small Brig, and sent my First Lieutenant, Mr. Charles Pickford, an intelligent and deserving Officer, to England, who will have the Honor to prefent my Dispatches; and I beg Leave to recommend him in the strongest Manner to their Lordships' Favor.

I have appointed Captain William Murray, Senior

Officer of the Troops, to be Commandant of Goree, till His Majelly's Pleasure is known, and Mr. William Arnold, Master's-Mate, to be Lieutenant of the Inconstant, vice Pickford, and hope it will meet

their Lordships' Approbation.

The Moment I can get a fufficient Supply of Water and Provisions landed, and put the Island into a proper State of Defence, I shall proceed, and jut their Lordships' Orders into Execution.

I cannot conclude my Letter, without affuring their Lordships that the greatest Cordiality existed between the Officers, Seamen, and Soldiers, and had an Attack been found Necessary, from the handsome manner they volunteered their Services, I am persuaded they would have done Honor to their Country.

Inclosed are the Articles of Capitulation †, and the Account of the Ordnance and Military Stores

found in the Garrison.

I have the Honor to be, &c. E. S. DICKSON

BEG leave to enclose you Copy of a Letter I have received from Lieutenant Carr, commanding His Mejesty's Schooner L'Eclair, giving an Account of a most spirited Action he fought in the faid Vessel, of Ten Guns and Sixty Men, against the Grande Decidé French Ship Privateer, of Twentytwo Guns and Two Hundred and Twenty Men, out of Guadaloupe. His Majesty's Schooner L'Eclair, Tortola,

I HAVE the Honor to acquaint you, that on my Return from convoying the Packet to the Northward in His Majelly's Schooner under my Command, on the 5th Inflant, at Three P. M., the Bland of Tortola hearing South, diftant about Sixtyeight Leagues, saw a strange Sail to the Southward, suspecting her to be an Enemy, made all fail in Chace; at Half past Three observed her to be a Ship Handing towards us; at Four made the Signal, No. 275 to her, which not being aniwered, shortened Suil and cleared for Action; at Half-past Four, being within Musket-shot on our Weather-Bow, she hanled up her Courfes, hove to, and hoisted French National Colours, when I discovered her to be a Ship apparently just out of Port, mounting Twenty-two Guns, and conclude, from the Number of Men seen on her Decks, as also her Tops, there could not be lefs that Two Hundred. When we came within Pistol-Shot, she commenced the Action by firing her Larboard Broadside and a heavy Fire of Mufquetry, which we returned with the Weather Broadfide and Musketry; wore round, hove to, and fired the Starboard Broadfide; the Fire was kept up without Intermission on both Sides until a Quarter past Five, when the Enemy began to slacken her Fire, filled, bore up, and endeavoured to rake us,

but upon observing our Preparations to board her, by manning the Rigging, she ceased Firing, and made all fail to the Northward, on which we filled and made fail after her, keeping up a Fire of Mufquetry; at Seven found her getting fait away; at Half pait Eight loft Sight of her; feeing there was no Possibility of coming up, at Ten gave over the Chace, found great Part of the standing and running Rigging shot away, the Bulwark, Masts, Yards, &c. much damaged, One Marine killed, and Four Seamen wounded, though the Lofs on the Part of the Enemy, I believe, from their apparent Confusion, must be greater.

And, Sir, when I reflect on the Superiority of the Enemy in point of Force, I cannot fay enough in Praise of those brave Officers and Men I have the Honor to command, and from whose gallant Conduct and Zeal on the Occasion, particularly when ordered to prepare to board, I felt perfectly confident of carrying the French Ship in a few Minutes, on the Second Attack, had not her superior Sailing

fruitrated our Intentions.

I thould feel unmindful of my Duty, was I to omit representing to you the great Assistance I received from Mr. Salmon the Master, on this, as well as on every other Occasion.

I have the Honor to be, &c. W. CARR. Commodere Hood, Commander in Chief, Gc. Gc. Gc.

P.S. Upon my Arrival at Tortola, I had Information of the exact Particulars of the French Ship from the Prefident, which he affured me was well afcertained at St Thomas's, from which Place the failed on the 4th Inflant, about Twenty-eight Hours before we fell in with her. She proves to be the Grande Decide, Captain Guay, from Guada-loupe, carrying Twenty-two Nine-Pounders, and Two Hundred and Thirty Men, Eighty of which were Soldiers.

BEG leave to enclose you, for the Information of the Lords Commissioners of the Admiralty, an Account from Captain O'Bryen, of His Majesty's Ship Emerald, and Lieutenant Forrest, of the Capture of the Mofambique French Schooner Privateer, of Ten Eighteen Pounder Carronades, from under the Batteries, near the Pearl, which was executed in a most spirited and steady Manner by Lieutenant Forrest, and those that accompanied him in the Fort-Diamond, on this Service.

I also fend Copy of a Letter from Captain Ferris, acting in His Majesty's Ship Blenheim, giving an Account of Two Boats of that Ship, under Lieutenant Furber, attacking the Curieuse French National Schooner, moored, and, I have fince learned, chained to the Beach, under a Battery at St.

Pierres.

I likewife fubjoin the Copy of a Letter from Lieutenant King, First of this Ship, now acting in His Majesty's Sloop Drake, to Captain Nash, commanding the Blockade of the North Part of the Island of Martinique, giving an Account of his earrying, with Thirty Men only, the Fort at Trinite, when opposed to much superior Force.

His Majesty's Sloop Drake, off Trinitie, 25th February 1804. SIR,

I HAVE the Honor to acquaint you, that on the Night of the 19th Instant, Lieutenant Compston and Mr. Robson, Master, voluntarily offered to bring ont of the Harbour of Trinitic, Three American Vessels, that were taking in Cargoes, in Defiance of the Blockade, which they attempted in a very gallant Manner, having Possession of Two Brigs and a Schooner, under the Fire of the Fort, for a considerable Time, but from having no Wind, could fucceed only in bringing out the Schooner

The Anchorage being within Pikol-Shot of the Fort, I faw no Probability of Success if another Effort was made, unless the Fort was reduced; for which Purpose I, last Night, landed with Thirty Men, including Nine Marines, and fucceeded in fpiking the Guns, Three Thirty-two-Pounders, and Two Field-Pieces, which commanded the Entrance

into the Fort.

I am forry to add, One Seaman expired from his Wound this Morning, and that Lieutenant Compfton and One Seaman, are each wounded in the Arm, but are doing very well, which are all that were hurt on the Occasion.

SIR, Blenkeim, March 5, 1804.

BEG Leave to acquaint you, Two Boats (the Barge and Pinnace) of His Majetly's Ship under my Command, with Fifty Officers and Men, under the Orders of Lieutenant Furber, on the Night of the 4th, made a most gallant, but unsuccessful Attempt, to cut out a French National Schooner, laying close under a Fort at the Town of St. Pierre. She had made formidable Preparations; her Boarding Nettings being traced up to the lower Matt miration and Emulation in the Breaft of the Specta-

Heads, and so fastened, that it was almost impossible to get in, and her Sweeps rigged out on each Side; notwithstanding all this, and the Beach lined with Soldiers, the Forts, an armed Sloop, and feveral other fmall Veffels near, keeping up a heavy Fire of Guns and Musquetry, those brave Officers and Men in the Two Boats, perfevered and cut her Cables, but it being perfectly calm, the fwung and grounded on the Beach, when all Hopes of bringing her out were given up, and from the Number killed and wounded, as per enclosed List, the Commanding Officer very properly ordered the Boats off.

I lament fincerely our Lofs, but I trust you, Sir, will think the Character of British Seamen was well fupported on this Oceasion, for furely never was

greater Spirit difplayed.

SIR, March 12, 1824.

HAVE the Honor to enclose you a Letter I have received from Lientenant Forrest, First Lieutenant of His Majesty's Ship under my Command, who I this Morning fent, accompanied by Thirty Volunteers, on board the Fort-Diamond Armed Sloop, with Directions to work to Windward Seas, to enable the Sloop to Weather the Pearl Rock, and to bear down on an Armed Schooner, which had, finding it impossible to get into St. Pierres, this Ship being to Leeward, anchored elofe in Shore, under the Cover of the Battery at Seron. l at the same Time sent the Boats of this Ship in a different Direction, in order to take off the Attention of the Battery from the Manœuvre in Contemplation, to be performed by Lieutenant Forrest.

It affords me particular Satisfaction to bear Teftimony to the handsome and gallant Manner in which this Service was performed, Lieutenant Forrest having laid the National Schooner on board under a heavy

Fire from her and the Battery.

In the Performance of this Service great Judgment was exhibited, as, by the Mode of doing it. a Chain, by which the was fastened to the Shore, was broke, Twenty Feet of which is now hanging to the Schooner's Bow. The Crew of this Vessel, finding it impossible to withstand British Intrepidity, jumped overboard and fwam ashore, which they weig enabled to do from her being moored close to it.

It affords me particular Pleafure to inform von, Sir, that this gallant Service was performed without any Lofs on our Part, Two Men only being flightly wounded. I have been rather more circumfiantial in this Detail, than perhaps the mere Capture of a Privateer justifies, but I feel I should not do Justice to the gallant Conduct of Lientenant Forrest, the Judgment he exhibited, the brave and cool Conduct of the petty Officers and Men under his Command, which he fpeaks of in high Terms, had I neglected relating every Circumstance that took place, which has excited Adtors, and, Sir, I must beg to add, that the general Conduct of this Officer, ever fince he has been under my Command, has been fuch as to entitle him to my Approbation. This captured Schooner, whose Name I can only guefs at from a Letter found on hoard, the only Paper left, is the Mosambique, commanded by Citizen Vallentes, pierced for Fourteen Guns, Ten Carronnades Eighteen-Pounders orly mounted; fhe is from Guadeloupe, and is fitted for a Three Months' Cruize, to all Appearance perfeetly new, Copper bottomed and failened, fails appurchily well, and feems calculated for the King's

SIR. Feet Diamond, March 13, 1804. THAYE the Honor to inform you that, acting according to your Directions, in His Majelty's Arn.cd Sloop Fort-Diamond, I had the good Fortime to fucceed in bringing out the Enemy's Privarcer Schooner Mofambique from under the Batteries contiguous to the Pearl; she is pierced for Fourteen Guns, and mounted with Ten Eighteen-Pounders: On feeing us determined to board, her Crew deferted her, after discharging her Broadside and Musquetry; and I observed about Sixty Whites and Blacks in the Water after I had gained Pos feffine; but as you were an Eye-witness to the Service, I can do no more than recommend the Officers and Men you did me the Honor to place under my that and intrepid Conduct, while standing through the Enemy's Fire, and their Activity and orderly Behaviour after Possession. I found her secured with Two Cables and a Chain to the Shore; the former we cut, and the latter she fortunately broke by the Shock in boarding. I have the Happiness to inform you, that we have fuffered no Loss

For a General FAST.

GEORGE R.

WE, taking into Our most serious Consideration the just and necessary War in which We are engaged, and putting Our Trust in Almighty God that He will graciously bless Our Arms both by Sea and Land, have resolved, and do, by and with the Advice of Our Privy Council, hereby command, That a public Day of Fassing and Humiliation be observed throughout those Parts of Our Kingdom called England and Ireland, on Friday the Twenty-sisth Day of May next ensuing, that so both We and Our People may humble Ourselves before Almighty God, in order to obtain Pardon of Our Sins, and in the most devout and solemn Manner send up our Prayers and Supplications to the Divine Majesty, for averting those heavy Judgments which Our manifold Provocations have most justly deserved; and for imploring His Blessing and Assistance on Our Arms for the Restoration of Peace and Prospecity to Us and Our Dominions: And We do strictly charge and command, that the said Public Fast be reverently and devontly observed by all Our loving Subjects in England and Ireland, as they tender the Favour of Almighty God, and would avoid His Wrath and Indignation; and upon Pain of such Ponishment as We may justly instict on all such as contemn and neglect the Performance of so religious and necessary a Duty: And, for the better and more orderly solemnizing the same, We have given Directions to the Most Reverend the Bishops of England and Ireland, to compose a Form of Prayer suitable to this Occasion, to be used in all Churches, Chapels, and Places of public Worship, and to take Care that the same be timely dispersed throughout their respective Dioceses.

Given at Our Court at the Queen's Palace, this Twenty-third Day of April, One thousand eight hundred and four, in the Forty-fourth Year of Our Reign.

COPIES of Letters from Commodore Hood, Commander in Chief of His Majesty's Ships and Vessels in the Leeward Islands, to William Marsden, Esq.

> Centaur, Carlifle-Bay, Barbadoes, March 1804.

BEG Leave to enclose you, for the Information of the Lords Commissioners of the Admiralty, Copy of a Letter from Lieutenant Carr, commanding His Majesty's Armed Schooner L'Eclair, giving an Account of the cutting out an Enemy's Privatcer by Mr. Salmon, the Master, and Ten Men in a Boat, from under the Batteries of La Hayes, Guadaloupe.

I have the Honor to be, &c. IV. Marsden, Efq. SAM. HOOD.

His Majefly's Schooner L'Eclair, St. John's

SIR, Roads, 10th March 1804.
To is with great Pleasure I have the Honor to acquaint you, that on Tuesday the 5th Instant, at Two P.M. passing Englishman's-Head, Guadaloupe, in His Majesty's Schooner under my Command, I discovered a Schooner standing at the Northward; on drawing near her she hoisted a Red Pendaut, stood into the Hayes, and anchored close under the Batteries. On standing in I discovered her to be a French Privateer full of Men. The Wind blowing fresh on Shore from the Westward prevented my fending the Cutter to attack her. At Seven, still laying off the Hayes, it fell Calm. I then proposed sending the Cutter to attempt her, when Mr. Salmon, the Master, volunteered this Service, to which I confented, from the Knowledge I had of his Resolution and good Conduct on former Occasions; and I hope, Sir, you will be of Opinion he merits the Confidence placed in him. The Boat containing only Ten Men, himself, and the Surgeon, who was also a Volunteer. At Two A.M. the Boat returned, having captured and brought out the Privateer, who commenced firing on them, as also the Batteries, immediately on their entering their Harbour; the Boat persevered, boarded, and carried her after a stout Refistance of Ten Minutes from the Crew, confifting, when boarded, of Fortynine Men, well prepared to receive them, and obliged afterwards to tow and sweep her out in a dead Calm, under a heavy Fire from the Enemy's Batteries, as also the Musketry from the Shore: The Maller affures me that the very gallant Conduct of the Men, together with the Affillance of the Surgeon, in Oppolition to all Dishculties, enabled him to execute this Service. She proves to be Le Rôfe Schooner Privateer, carrying Fifty Men, well armed, and One long Brafs Nine-Pounder; fails extremely fail, well found, and victualled complete for Three Months

for Fifty Men; just going on a Cruize.

I am happy to add that no Loss has been sustained on the Part of the Boat. On the Part of the Enemy Five Men killed and Ten wounded, Four of whom jumped overboard, including the Captain, who was wounded on the first of the Attack.

I have the Honor to be, &c.

· Centaur, Carlifle Bay, Barbadoes, March 28, 1804.

BEG leave to enclose you, for the Information of the Lords Commissioners of the Admiralty, a Letter I have received from Captain Younghusband, of His Majesty's Sloop Osprey, giving an Account of a most spirited Action he fought with the Egyptienne, a French Frigate of Thirty-fix Guns and Two Hundred and Sixty Men, which must certainly have fallen to his superior Skill and Bravery, had not the availed herself of her failing, to get away. Captain Younghusband's gallant Conduct, with that of his Officers and Men, against fuch superior Force, merits my warmest Applause.

This Ship was formerly the Railleure, and given to the Merchants of Bourdeaux, to fit out as a private Ship of War; the had made several Captunes, one of which has been retaken by the Hippomenes.

I have the Honor to be, &c. SAM. HOOD IV. Marfden, Efq.

His Majefly's Sloop Ofprey, Barbadoes, SIR, March. 28, 1804. BEG leave to inform you, that on the 23d In-thant, I discovered Four Sail on the S. W. Quarter; I immediately chaecd, and upon nearing them, I found them to be a large Frigste and Three Mer-chant Ships; upon coming within Hail of the Fri-gate, the hoilted French Colours, and fired her Broadfide, which was inflantly returned, and the Two Ships continued in close Action for an Honr and Twenty Minutes, when the Enemy ceafed firing, and began to make off, and her Convoy to separate on different Courses; I then found with Regret, that she outsailed the Osprey under her Topsails upon the Cap; I however continued the Chace firing our Bow Chacers as long as they could reach, but we lost Sight of her during the Night.

The French Ship's Sails, Rigging, and Hull were very much ent; the Ofprey has also suffered very much in her Sails and Rigging; and I am forry to aid, that we have one Man killed and Sixteen wounded.

Lieut. Collier, the Officers, and Ship's Company behaved with the greatest Bravery and Activity.

I have further to inform you, that on the 25th, the Ofprey and Hippomenes retook the Ship Reliance, and I am informed from the French Prize-Mafter, that the Ship the Ofprey engaged, was the Frigate Egypticane, fitted out as a Privateer by the Merchants of Bourdeaux, mounting Thirty-fix Guns, and having on board Two Hundred and Fiftyfive Men. I am, Sir, &c.

G. YOUNGHUSBAND.

To Samuel Hood, Efq; Commodore and Com-mander in Chief, Ge. Ge. Ge.

Centaur, Carlifle-Bay, Barbadoes, SIR, March 29, 1804. HAVE the Satisfaction to fend you Copy of a

Letter I have received from Captain Shipley, of His Majesty's Sloop Hippomenes, giving an Account of the Capture of the Egyptienne French Frigate, of Thirty-fix Guns, by that Sloop. The Firmness and Perseverance of Captain Shipley in the Pursuit of a Ship of such Force, does him, the Officers, and Sloop's Company, the highest Credit; and being well marked with Judgment and Decision he so surprised the Enemy that he struck the Moment the Hippomenes came alongfide, after Three Hours running Fight. No doubt the fpirited Action of the Ofprey contributed; of which Captain Shipley speaks in the handsomest Terms.

I am, &e. &e. &e. SAM. HOOD.

William Marfden, Efq.

His Majesty's Sloop Hippomenes, March 29, 1804. SIR,

HAVE the Honor to acquaint you with the 1 Capture of L'Egyptienne French Privateer (formerly a Republican Frigate), mounting Thirty-fix Guns, Twelves and Nines, commanded by M. Placiard, and having Two Hundred and Forty Meu on board, on the Evening of the 27th, after an arduous Chace of Fifty-four Hours, and a running Fight of Three Hours and Twenty Minutes, by His Majesty's Sloop under my Command, for she struck the Moment we fairly got alongside of her. I feel much Pleasure in saying the Officers and Men behaved with that Coolness and Intrepidity inherent in Englishmen; and had the Enemy allowed them a Trial alongtide I am convinced her fuperior Force would not have availed them much. However, I cannot forbear recommending to your Protection my First Lieutenant, for his good Conduct on this as on all former Occasions. The sight Resistance size made I can only attribute to the Fear of being as feverely beat as the had been Four Days previous by the Ofprey, who killed Eight of her Men and wounded Nincteen, and whose Gallantry aftonished Mr. John Lloyd, Mafler's Mate, is the only Person hurt on this Occasion, and he slightly.

I have farther to inform you of the Recapture of the Reliance of London, taken by the above Fri-

gate.

I have the Honor to he, &cc. CONWAY SHIPLEY.

Commodore Hood, Sc. Sc. Ec.

Centaur, Carlifle-Bay, Barbadoes, March 31, 1804. HEREWITH enclose Copy of a Letter from Lieuténant King, of this Ship, acting in Command of His Majesty's Sloop Drake, giving an

Account of his having, with that Sloop, recaptured ! the Enterprize of Biddeford, loaded with Camp Equipage, Medicines, &c. for the Army; also of Two of his Boats (after having drove an Enemy's Privateer under the Batteries of La Hayes) commanded by the Master, recaptured another Ship which the Enemy abandoned.

I also euclose Copy of a Letter from Captain O'Bryen, of His Majesty's Ship Emerald, stating Lieutenant Gregory, with the Boats of that Ship, having destroyed a Schooner and a Sloop at Port

Diable, Martinique.

I have the Honor to be, &c. SAM. HOOD. W. Marfden, Efg.

His Majefly's Sloop Drake, March 17, 1804. HAVE the Honor to acquaint you, on the Morning of the 14th Instant, off Englishman's Head, Guadaloupe, I fell in with a French Privateer Schooner, and a large Ship in Company, apparently her Prize, but could not come up with Either until the Ship run on Shore near the Batteries at the Haye; I endeavoured to cut off the Schooner from the Protection of the Fort, but was prevented doing fo by its falling calm, and frequent Changes of the Wind, and having the Main-Top Shot away, and the Rigging much cut; another Ship appearing in the Offing, and steering, as if intertonially to run a-shore. I made fail after her, leaving Two Boats, under the Direction of Mr. Robson, the Master, to watch the Ship, having perceived her to be off the Shore, and to attack her should they come out, which was obviated by the Enemy's abandoning her at the Approach of the Boats, only leaving one of their Crew, who had not Time to get into their Boats. But I am forry to add, when in Possession of the Ship more than Half an Hour, she blew up, by which Accident, a Master's Mate, Three Seamen, and one Marine were loft; Mr. Robfon, the Maiter, expired a few Hours after, and feveral others much bruifed. The Name of the Ship I could not learn; the had Eighteen Guns mounted, and was a very large Ship.

The other Ship which I recaptured proved to be the Enterprize, of Biddeford, taken by the Decide:

OU will be pleased to acquaint the Lords Commissioners of the Admiralty, that His Ma.

jesty's Ship the Ethalion arrived in Leith-Roads Yesterday after Post; and I herewith enclose a Letter from Captain Stuart, giving an Account of the Capture of the Dutch National Brig Le Union, of Sixteen Guns, which he has brought in with him.

J. VASHON. I am. &cc.

Ethalion, off Bergen. May 10, 1804. BEG to acquaint you, that, last Night, after Six Hours Chace, I captured L'Union, a Dutch National Brig, litted out by a Company of Mer-chants at Amterdam, carrying Sixteen long Guns, Twelve Nine, and Four Six Pounders, and Eightyone Men, commanded by Captain Carles Theuneffe; two Days from Bergen.

L'Union is a remarkable fine Vessel, about Two Hundred and Eighty Tons, Copper fastened, and in my Opinion calculated for His Majesty's Service.

I have great Satisfaction in communicating this Intelligence, as L'Union, in Company with L'Ef-pion, a Dutch Corvette, lately annoyed our Trade on this Station.

Copy of a Letter from the Right Honorable Lord Keith, K. B. Admiral of the Blue, Sc. to William Marf-den, Efq; dated at Ramsgate, the 20th Instant.

SIR, HEREWITH transmit, for the Information of their Lordships, a Letter which I have this Day received from Commodore Sir Sidney Smith, acquainting me that the Enemy's Flotilla at Flushing had been pushed out from that Port on the 16th Inflant to form a Junction with that at Offend, and that the greatest Part of them had succeeded in reaching the latter Place, notwithstanding the vigorous Measures that were used by the Commodore and his Squadron to refult their Progress; a Circumstance which is to be imputed only to the numerous Disadvantages to which His Majesty's Ships were subjected in consequence of the Shallowness of the Water, and the Eisect of the Enemy's Field-Artillery and their Batteries on the Shore; for the Commodore appears to have used every practicable Exertion to deseat the Design, and to have been very gallantly feconded by all the Officers ferving under his Orders.

I also enclose a List of the Killed and Wounded on this Occasion; and have the Honor to be, &c.

Antelope, at Anchor, off Ofend, May 17. 1804. My LORD,

INFORMATION from all Quarters, and the evident State of Readiness in which the Enemy's Armaments were in Helvoct, Flushing, and Ollend, indicating the Probability of a general Movement from those Ports, I reinforced Captain Manby, off Helvoet, with one Ship, and directed Captain Han-cock, of the Cruizer, flationed in Shore, to combine his Operations and the Rattler's, with the Equadion of Gnn-Boats flationed off Oflend.

The Antelope, Penelope, and Aimable, occupied a centrical Polition in Sight both of Fiulhing and Oflend, in anxious Expectation of the Enemy's Appearance. Yellerday at Half pail Five A. M. I received Information from Captain Flancock, then off Oflend, that the Enemy's Flotilla was hauling out of that Pier, and had already Twenty-one onemafted Veffels and one Schooner outfide in the Roads; and at Half-palt Seven the same Moining, I had the Satisfaction to fee the Flushing Flotilla of Fifty-uine Sail, viz. Two Ship-rigged Praams,

Nineteen Schooners, and Thirty-right Schuyts, fleering along Shore from that Port towards Offend, under Circumstances which allowed me to hope I should be able to bring them to Action. The Signal was made to the Cruizer and Rattler for an Enemy, in the E. S. E. to call their Attention from Oftend: the Squadron weighed the Moment the Flood made, and allowed of the heavier Ships following them over the Banks; the Signals to chace and to engage were obeyed with Alacrity, Spirit, and Judgment, by the active and experienced Officers your Lordship has done me the Honor to place under my Orders. Captains Hancock and Mason attacked this formidable Line with the greatest Gallantry and Address, attaching themselves particularly to the Two Praams, both of them of greater Force than themfelves, independent of the Cross-Fire from the Schooners and Schuyts: I fent the Aimable, by Signal, to support them. The Penelope, (having an able Pilot, Mr. Thornton,) on Signal being made to engage, Captain Broughton worked up to the Centre of the Enemy's Line, as near as the Shoal Water would allow, while the Antelupe went round the Stroom Sand to cut the Van off from Oftend; unfortunately our Gun-Boats were not in Sight, having, as I have understood, since devoted their Attention to preventing the Ostend Division from moving Westward.

The Enemy attempted to get back to Flushing; but, being haraffed by the Cruizer and the Rattler, and the Wind coming more Easterly against them, they were obliged to run the Ganntlet to the Westward, keeping close to the Beach, under the Protection of the Batteries.

Having found a Passage for the Antclope within the Stroom-Sand, she was enabled to bring her Broadside to bear on the headmost Schooners before they got the length of Ostend. The Leader struck immediately, and her Crew deserted her: She was however recovered by the followers; the Artillery from the Town and Camp, and the Rowing Gun-Boats from the Pier, kept up a constant and well-directed Fire for their Support; our Shot, however, which went over the Schooners, going on Shore among the Horse Artillery interrupted it in a Degree; still however it was from the Shore we reecived the greatell Annoyance; for the Schooners and Schayts crowding along could not bring their Prow Guns to bear without altering their Courfe towards us, which they could not venture; and their Side Guns, though numerous and well ferved, were very light. In this Manner the Penelope and Antelope engaged every Part of their long Line from Four till Eight, while the Aimahle, Cruizer, and Rattler continued to press their Rear. Since Two o'Clock the Hernmost Praam struck her Colours and ran on Shore; but the Artillery-Men from the Army got on board, and she renewed her Fire on the Aimable with the Precision of a Land Battery, from which that Ship fuffered much: Captain Bolton speaks much in Praise of Lieutenant Mather, who is wounded.

Several of the Schooners and Schuyts immediately under the Fire of the Ships were driven on Shore in like Manner, and recovered by the Army. At Eight, the Tide falling, and leaving us in little more Water than we drew, we were reluctantly obliged to haul off into deeper Water to keep affoat, and the Enemy's Vessels that were not on Shore, or

too much shattered, were thus able to reach Oftend; these and the Oslend Division have hauled into the Bason. I have anchored in such a Position as to keep an Eye on them; and I shall endeavour to cluse with them again if they move into deeper Water. I have to regret that, from the Depth of the Water in which these Vessels move, Gun-Boats alone can act against them with Essect. Four have joined me, and I have fent them in to fee what they can do with the Praam that is on Shore. I have great Satisfaction in bearing Teltimony to your Lordship of the gallant and steady Conduct of the Captains, Commanders, Officers, Seamen, and Marines under my Orders. Captains Hancock and Mason bore the Brunt of the Attack, and continued it for Six Hours against a great Superiority of Fire, particularly from the Army on Shore, the Howitzer-Shells annoying them much. These Officers deserve the highest Praise I can give them. They speak of the Conduct of their Lieutenants, Officers, and Crews in Terms of warm Panegyric. Mess. Budd and Dalyell from the Antelope acted in the Absence of Two Lieutenants of those Ships. Lieutenants Garrety and Patful, commanding the Favourite and Stag Cutters, did their best with their small Guns against greater Numbers of greater Calibre. Lieutenant Hillier, of the Antelope, gave me all the Assistance and Support on her Quarter-Deck his ill State of Health would permit. tenant Stokes and Mr. Sleffer, Acting Lieutenant, directed the Fire on the Lower and Main-Decks with Coolness and Precision. It would be the highest Iujustice if I omitted to mention the intrepid Conduct of Mr. Lewis, the Master, Mr. Nunn and Mr. Webb, Pilots, to whose Steadiness, Skill, and Attention, particularly the former, I shall ever feel myself indebted, for having brought the Antelope into Action within the Sands, where, certainly, the Enemy could not expect to be met by a Ship of her Size; and for having allowed her to continue engaged with Commodore Verhuel to the last Minute it was possible to remain in such Shoal-Water, with a falling Tide. It is but Justice to say the Enemy's Commodore pursued a sleady Course notwithstanding our Fire, and returned it with Spirit to the last.

I could not detach, open Boats into the Enemy's Line to pick up those Vessels which had struck, and were deferted, mixed as they were with those still firing. Captain Flancock fent me One Schuyt that had hauled out of the Line and furrendered. She had a Lieutenant and Twenty-three Soldiers of the 48th Regiment, with Five Dutch Seamen on board. She is fo uleful here I cannot part with her yet. Enclosed is a List of our Loss, which, though great, is less than might have been expected, owing to the Enemy's directing their Fire at our Masts. The Rattler and the Cruizer have of course suffered most in the latter Respect, but are nearly ready for Service again. The Smoke would not allow us to fee the Effect of our Shot on the Enemy ; but their Lofs, confidering the Number of them under our Guns for fo long, mult be great in Proportion. We fee the Malt-Heads above Water of Three of the Schooners and One of the Schinyts which were I have the Honor to be, &c. (Signed) W. SIDNEY SMITH.

The Right Honorable Lord Keith, K. B. Commander in Chief, Gc. Gc. Ge.

HE following Addresses of the General Affembly of the Church of Scotland having been transmitted by Francis Lord Napier, His Majesty's Commissioner, to the Right Honorable Lord Hawksbury, One of His Majelty's, Principal Secretaries of State, have been by him presented to the King, which Addresses His Majelty was pleased to receive very gracioufly:

May it please your Mujesty, THE gracious Letter with which your Majesty has been pleafed to honor the prefent General Affembly of the Church of Scotland was received with the most lively Sentiments of Respect and Gratitude,

The entire Approbation, which from the Experience of a long Course of Years, your Majesty has condescended to express of former General Alfembles, is to us a most valuable Recompence for our pail Labours in the Discharge of our Duty; and it forcibly rewinds us of the many figural Bleffings which, by the Favor of Divine Providence, our Church and Nation have enjoyed, under the Aufpices of a King to whose Heart nothing is dearer than the Happiness of His people, and to whose Regard nothing is a more effectual Recommendation than a fracere define to promote that Object.

The Confidence which your Majesty is pleafed to repore in this General Affembly we are unxious to jullify and confirm, as well by perferening Attention to the great Interests of Religion and Order, as by that Moderation in our Proceedings, and that mutual Charity, which are fo congenial to the Spirit of the Gospel, and so conducive to the Dignity and

Usefulness of our Deliberations.

We receive with the utmod Satisfaction the renewed Affurance of your Majesty's unalterable Refolution to maintain the Church we represent in the full Possession and Enjoyment of all its Rights and Privileges as by Law established; and in the Exercife of our Functions we firmly rely upon your Majelly's effectual Co-operation and Support.

We are deeply fenfible of the Importance of the Objects of our Care. We know and feel, that to our Charge are committed the most effential Interests of your Majefty's People in this Part of the United Kingdom, their Morals and their Religion, the indispensible Means of their Happiness here, and the

only Ground of their Hopes hereafter.

Animated in the Work of our Ministry by your Majesty's affectionate Recommendations, we will watch over the Flock with unceating Vigilance, and be careful to lead them in those Paths of Righteoufness in which we may hope to obtain the Continuance of that Divine Protection with which we have hitherto been so figually favored. We feel that this is at all Times our bounden Duty, and that a peculiar Degree of Importance is attached to the effectual Discharge of it in the present Times of Disliculty and Danger. We should be wanting, however, in the Duty we owe to those over whom we preside in the Oslices of Religion, if we did not affure your Majetly, that their good Dispositions in the present trying Circumthances at once encourage and affilt our Exertions.

The Re-appointment of the Right Honorable Francis Lord Napier to represent your Majelly's Royal Person in this General Attembly is to us most Royal Perion in this General Attention is to us that acceptable. The Experience we have had of the Affection of that Noble Lord for your Majefly's Perfon and Government, of the Knowledge and Uprightness with which he has formerly fulfilled the Duties of that high Office, and of his Zeal for the laterest of the Church of Scotland entitles him to

our highest Honor and regard.

We receive your Majelly's Royal Donation for the Propagation of Christian Knowledge, and the Principles of the Reformed Religion, in the Highlands and Islands of Scotland, as a pleating Expreffich of your Majeily's unremitted Attention to the best Interests of your People. It shall be our Care to secure, by a faithful and considerate Application of this Lounty, the valuable Objects for which it has been bestowed.

That Almighty God, the Father of our Lord Jesus Christ, may protect your Majelly's Person, and prosper the Administration of your Government; that he may bless the Queen, the Prince and Princefs of Wales, and all the Royal Family; and that, after a long and happy Reign over a loval and affectionate People, you may at length be feeeived to the Glories of the Heavenly Kingdom, are the fervent Prayers of,

May it pleafe your Majesty, Your Majefty's most faithful, most obedient, and most loyal Subjects,

The Ministers and Elders met in this National Affembly of the Church of

Scotland.

Signed in our Name, in our Presence, and at our Appointment, by (Signed) John Inglis, Moderator Edinburgh, May 19, 1804.

Most Gracious Sovereign,

WE, your Majetty's most dutiful and loyal Subjects, the Ministers and Elders of the Church of Scotland, met in the General Assembly, beg Leave to approach the Throne, in the present alarming Situation of the Assairs of Europe, with Sentiments of the most sincere and affectionate Attachment to your Majelly's Perfon and Govern-

Perfuaded that your Majesty's paternal Care preferved to us the Bleffings of Peace, fo long as they could be retained with Safety and Honour, we belief with Indignation that Spirit of Aggreffion and Aggrandizement in the Ruler of France, which obliged your Majesty to draw the Sword in Defence of every Thing we regard as dear. His lawless Ambition, not satisfied with the Overthrow of feveral independent Governments, with the Extinction of fome of the most free and prosperous States, and with the Subjugation of France itself to a most odious Tyranny, seems to aim at nothing lefs than universal Domination.

Regarding the Prosperity and Power of Britain as the chief Obstacles to the Progress of his Despotism, he directs all his Force, and that of his Allies, to the Invasion of our Country, and by a mighty and unprecedented Armament, in the Fierceness of

his Rage, threatens us with Defolation.

Although we consider the present War as the most arduous and important Contest in which our Country has ever been engaged; although we feel that our Religion, our Liberties, our Laws, and our Existence as a Nation are at Stake; yet trusting in the Justice of our Cause, and looking up with humble Considence for the Continuance of that Divine Protection which has hitherto supported us, we behold the immense Preparations of the Enemy without Dismay.

We rejoice in that Ardour and Enthufiasm in the Caufe of their Country which animate all Classes of your Majesty's Subjects; and we have peculiar Satisfaction in being able to affure your Majefly, that this generous and patriotic Spirit glows in the Hearts of the People of Scotland.

We beg leave to congratulate your Majelly on the Success which has attended your Arms in confining within their Ports, formidable Armaments, intended to carry War in all its Horrors, into the Heart of our Country; and on the important Conquests atchieved by your Forces in the East and West Indies.

Happy in the inestimable Privileges we enjoy under your Majelty's mild and paternal Rule, we trult that the united Efforts of a brave Nation will, by the Bieffing of the Almighty, defend and maintain our free Constitution against the hostile Enterprifes of a haughty Enemy, and convince him, that he shall never be able to wrest from us, and from our Children, the Prosperity at which he may re-

pine.

That the God of Armies, the Arbiter of Battles, may give Success to the Means employed for the Protection and Security of our Country; that He may shield your Majesty's Fleets and Armies, and lead them to Victory; that He may speedily restore to us the Blessings of an honourable, an advantageous, and a lalting Peace; that, happy in your Family and Government, your Majesty may long reign in the Hearts of your Subjects; and that Descendants of your illustrious House, steadily maintaining the civil and religious Rights of a free People, may fway the British Sceptre to latest Posterity, are the fervent Prayers of

Most Gravious Sovereign, Your Majesty's most dutiful, most faithful and most obedient Subjects,

The Ministers and Elders, met in this General Assembly of the Church of Scotland.

Signed in our Name, in our Prefence, and at our Appointment, by

(Signed) John Inglis, Moderator.

A DISPATCH, of which the following is a Copy, has been received from Major-General Sir Charles Green by Earl Camden, One of His Majesty's Principal Secretaries of State:

My Lord, Paramaribo, May 13, 1804.

IT is highly gratifying to me to have the Honor of informing your Lordship, that the Colony of Surinam has furrendered to His Majesty's Arms; and I have the farther Satisfaction to acquaint your Lordship, that this valuable Acquisition to the British Dominions has been made with very little Loss on the Part of His Majesty's Troops.

tish Dominions has been made with very little Loss on the Part of His Majesty's Troops.

In my Dispatches from Barbadoes, of the 2d of April, I had the Honor to report to your Lordship that the Arrangements for proceeding on the Expedition against Surinam being nearly completed, I had reason to expect we should be enabled to fail from Barbadoes in the Course of Three or Four Days; and Commodore Hood having previously signified to me that every Thing in the Naval Department was ready, I directed the sinal Embarkation of the Troops, Stores, &c. on the 6th of the same Month. The following Day the whole Flect weighed Anchor and failed.

On the 25th, His Mzjelty's Ship Centaur, having the Commodore's broad Pendant, and on board of which I was unbacked, came to Anchor about Ten Miles off the Month of the River Surinam; and during that and the next Day the greater Part of the Fleet also anchored.

On the 26th, a Corps, confilling of the Flank Companies of the 16th and 64th Regiments, the Rifle Company of the 2d Battalion 6cth Regiment, made up by Detachments from the Battalion Companies of the 16th, 64th, and 6th West India Regiments, to about Six Hundred Men, and the 1st Brigade of Royal Artillery, besides Armed Seamen, was detached in different Vessels under Convoy of His Maj-sty's Ship Hippomenes, Captain Shipley. This Corps was commanded by Brigadier-General Maitland, who was directed to effect a Landing at the Warappa Creek, about Ten Leagues to the Eastward of the Surinam River, where the Enemy occupied a Poil. The Object of this Operation was to obtain a Water Communication with the Commewing River, to procure Plantation Boats

in fufficient Number to transport the Troops down that River towards its Junction with the Surinam, and thereby facilitate our Approach to take a Position in the Rear of Fort New Amsterdam; and also with a view to cut off a considerable Detachment of the Enemy slationed at Fort Brandwacht, on the Mud Creek.

On the fame Day Preparations were made for landing a Body of Troops to take Possessian; Point, where there is a Battery of Seven Eighteen-Pounders, which defends the Entrance of the River Surinam. Brigadier General Hughes undertook to superintend this Service; the Wind proving favourable, His Majesty's Ships Emerald, Pandour, (having the 64th Regiment on board,) and Drake Brig of War, got under weigh to attack the Battery, when a Fire was opened on the Ships, which, however, was soon filenced by a few Broadsides, and the Enemy struck their Colours. A Detachment of Troops under Brigadier General Hughes, immediately landed, and took Possession of Bram's Point, making Pissoners a Captain and Fortyfour Men. The Entrance being thus secured, the Commodore made Signal for the Ships to go into the River as soon as possible; in the Course of that and the following Day, the most considerable Part of the Fleet anchored in the River.

At this Period the Commodore shifted his Pendant to the Emerald, and I accompanied him on board that Ship. We then judged it expedient to fend a Summous to the Governor of Surinam, with Proposals for the Surrender of the Colony.

Captain Maxwell, of the Royal Navy, and Captain Drummond, of the 60th Regiment, (acting as my Aid-de-Camp,) proceeded up the River with a Flag of Truce; and, having delivered our Summons to the Governor, returned in the Night with Information that an Answer would be sent next Morning.

On the 28th we received the Governor's Answer, conveying a Refusal to capitulate. (Copies of our Summons, with the proposed Terms, and the Answer thereto, are herewith transmitted.) It was determined that we should lose no Time in endeavouring to make fame Impression on the Enemy's Posts; but I must here beg Leave to observe to your Lordship, that the Coest of Strinam is of very difficult Approach, shallow, and suit of Banks; that a

Lai ding is only to be attempted at the Top of the Tide, and at particular Points; the Coast is uncleared, and from Wood, and the marshy Nature of the Soil, it is impossible to penetrate into the Interior,

except by the Rivers and the Creeks.

The Shores on both Sides of the River Surinam are equally difficult of Access, for the same Causes, until you reach the Battery Fridnici, with the Exception of one Spot on the Eastern Shore, where a Plantation, called Refolution, has been lately cha-Bliffiel Our Points of Attack were therefore confined; and the Enemy, by Means of their Forts, Ships of War, and other armed Vessels, were completely Mallers of the Navigation of the River Suroom above Fort Ansterdam.

The Defences of the River, after passing Bram's Point, are Fort Anderdam, fitnated on the Conflucoce of the Rivers Surinam and Commewyne: up-wads of Eighty Pieces of Ordnance are mounted in

this Councis.

Fort Leydon is armed with Twelve heavy Guns, and fituated on the right Bank of the Surinam, where it meets the Commewyne; is opposite to and commanded by Fort Amsterdam, at the Distance of thoat Two Thousand Yards.

The Battery Friderici is about Two Hundred Yards lower down, and armed with Twelve heavy

On the Left Bank of the River, nearly opposite to Fort Amsterdam, is Fort Purmurent, having Ten thus mounted: its Rear and Flanks protected by impracticable Marin and Woods.

The Fire of all thefe Works and Batteries inter-

fect in the Charnel for Ships going up the River.

The Town of Paramaribo is defended towards the Water by a Dattery of about Ten Guns, mount-et in Fort Zeichella, a Place otherwise of no De-

The 28th. The Ships of War and other Veffels proceeded up the River as fast as the Tides would

A Plan was formed for making an Attempt on First Purmurent; a Detachment of the 64th Regiment, under Captain Burton, accompanied by Captain Dramoson, my Aide-de Camp, with a Body of armed Seamen, commanded by Captain Jervis, embuked at Eight o'Clock at Night for at Popule, but on approaching the Fort, they found the Tide was unfavourable for the Under-

take, and returned.
On the 29th, Lieutenant Colonel Shipley, commanifing Engineer, went on Shore at the Mantation I fore nated, below the Enemy's Datteries, to encaron to procuse Intelligence; and on returning reported, that he had every Reason to believe that there was a practicable Way through the Woods, by which a Lody of Men might be conducted to the Reprof the Forts Levden and Friderici. Lieutenant-Color of Shipley was indefetigable in afcertaning the Acturacy of this Information, in which he was Eligineers, and Mr. Hobbs, Acting Engineer, and the Relatives fuch, that a Detachment of One Times of and Forty Men, of the Eath Regiment, v. der the Command of the Honorable Lies tenant-Cehe I Cractroun, with Major Stirke, of the 6th West Ladia Regiment, Ten Men of the 6th West Ladia Regiment, with Side Arms, having felling Anes, The ty of the Artificers' Corps provided in

the same Manner, and about Thirty armed Scamen, commanded by Captains Maxwell, Ferris, and Richardfon, of the Royal Navy, the Whole under the Command of Brigadier-General Hughes, accompanied by Lieutenant-Colonel Shipley, Lieutenant Arnold, of the Royal Engineers, and Mr. Hobbs, Acting Engineer, whose local Knowledge proved extremely useful on this Occasion, landed between the Hours of Ten and Eleven at Niglit, at Resolution Plantation, and proceeded through the Woods

with Negro Guides.

A great Quantity of Rain having recently fallen, it was found that the Path, at all Times difficult, had become almost impassable, but no Obstacle could damp the enterprizing Spirit of our Seamen and Soldiers, who, with perfevering Courage, after a laborious March of five Hours, arrived near the Rear of Friderici Battery. The Alarm having been given, a confiderable Fire of Grape Shot was made upon the Troops before they quitted the Wood, whill forming for the Attack, and of Musketry as they approached the Battery. The Aslault of our intrepid Seamen and Troops with fixed Bayonets, was so animated and rigorous as to prevent any further Relistance. The Enemy fled to Fort Leyden, having fet Fire to the Powder Magazine, by the Explosion of which a few British Officers and Men were feverely wounded. Brigadier-General Hughes used no Delay in moving on to the Attack of Fort Leyden, but being under the Neceffity of marching by a narrow Road, which was enfiladed by Four or Five Guns, received a confiderable Fire of Grape Shot on his March, and of Musketry on his nearer Approach, which, however, was foon put a Stop to by a Repetition of the same impetuous Attack on our Part, and the Enemy, after fome firing, called for Quarter, which was generously granted by the Conquerors, although in the Moment they were highly exasperated at the Conduct of the Batavian Troops in blowing up the Powder Magazine at Fort Friderici, after it had been in our Possession. A Captain with some other Officers and One Hundred and Twenty Men were taken at this Post, about Thirty having made their Escape across the River Commowyne to Fort New Amilerdam.

By this brilliant Affair a Position was secured, by which a heavy Fire could be brought on Fort New Amsterdam, a Communication with the River Commewyne opened, the Means of forming a Junction with Brigadier-General Maitland's Corps established, and the Command of the finest Part of the Colony, abounding with Refources of all Kiads, obtained.

Brigadier-General Hughes's Exertions upon this Occasion were highly meritorious, and by his animating Example contributed much to the Success

of the Day.

On the 30th in the Morning, the Commodore and myfelf went on Shore at the captured Forts, and Directions were given for covering the Troops and Guns from the Fire of Fort New Amslerdam, to which they were greatly exposed, and ser pointing the Fire of the Forts towards the Enemy. The Troops underwent great Fatigue in executing these Works, which, however, they chearfully fulmitted to, under the Direction of Lieutenant-Colonel Shipley, who, as ufual, was unceating in his Exertions. Brigadier-General Hughes remained in the Command there, giving every accellary Support

and Countenance. The Enemy fired from Time to Time from Fort New Amsterdam, by which Three Men at Fort Leyden were wounded, but some Shells being thrown in Return from Two Mortars, which we had got on Shore at Fort Leyden, the Fir-

ing on the Part of the Enemy ceafed.

On the same Day I received a Report from Brigadier-General Maitland, that a Landing had been effected at the Warappa Creek by the first Division of his Corps, under the Command of Major Hardyman, of the 1st Battalion of the Royals, who took Possession of the Enemy's Post, where there were Two Guus, after a fhort Refistance; and the Brigadicr-General further stated, that he was proceeding to land with the Whole of his Corps. Under these Circumstances no Time was lost in difembarking at Fort Leyden the rest of the Troops, and pushing them on by the North Bank of the Commewyne to nearly opposite Zooland's Plantation, where it was intended to crofs the River to form a Junction with Brigadier-General Maitland's Corps on its expected Arrival there. The Artillery, Stores, and Provisions were also conveyed in Boats by the indefatigable Exertions of the Navy, into the Commewyne River, and an Armed Naval Force established therein.

On the 3d May, Brigadicr-General Maitland, having, with Great Diligence, procured a Number of Plantation Boats to convey his Corps, appeared coming down the Commewyne in very good Order, and landed at a Plantation on the South Side of

that River

On the same Evening Part of the 16th Regiment, croffed the Commewyne to join Brigadier-General Maitland, and were followed the next Day by the Remainder of that Regiment; Orders were also given for all the Troops to pals as quickly as pof-

On the 4th, between Two and Three o'Clock, Brigadier-General Maitland's Corps moved on through a Wood, and approached Fort New Amtlerdam within a Mile to reconnoitre, with a view to extend their Polition towards the River Surinam, and thereby invest that Fortress. Some Shots were fired by the Enemy's advanced Centinels, who retired. At this Time Commodore Hood being with me at Flead Quarters on the Commewyne, we received a Flag of Truce from the Commanding Of ficer of the Batavian Troops, with Proposals to fur-render on Terms of Capitulation, a Copy of which is herewith inclosed; Orders were in confequence issued to suspend Hostilities until the Conditions

fliould be finally agreed upon.

Lieutenant Colonel Mipley and Captain Mavwell of the Royal Navy, were fent to feetle the Terms. They returned early on the Morning of the 5th, with Two separate Capiculations, figured by Lieutenant Colonel Batenburgh, commanding the Batavian Troops, and Commodore Plays, Chief as the Naval Department; but an Article in the One figned by the Military Commandant not being Juf ficiently clear, Brigadicr-General Maitland was emplayed to arrange the Bunnels, which being com-pleated to our Satisfaction, at Pive o'Clock on the fame Evening, the advanced Corps, under the Command of Brigadier-General Maitland, marched in and took Possession of Fort New Amsterdam. The Batavian Frigate and Sloop of War were also taken Possession of at the same Hour. Having thus detailed the Particulars of our front, but active Operations, it is a very pleafing Part of my Duty to flate to your Lordship, the Names of those Officers whose Situations enabled them to come forward with diflinguished Honor and Credit to themselves.

I have the greatest Obligations to Brigadier-General Maitland, Quarter-Matter and Barrack-Matter General, for his ready and chearful Aid and Advice upon all Occasions, and for his unwearied, zcalous, and able Exertions to promote the public Service. both previous to the Expedition leaving Barbadoes, and during the whole of our Operations here.

The Officer-like Manner in which the Brigadier-General sulfilled the important Objects of his detached Command is highly creditable to his military Character; and I am well perfuaded, that if there had been further Occasion for his Services, I should have continued to find in him a moll uleful Second. May I therefore beg Leave to recommend him, through your Lordship, to His Majesty's gracious Notice.

Brigadier-General Maitland, in his Report, oxpresses his Satisfaction at the Co-operation and Affistance he had received from Captain Shipley, of His Majesty's Ship Hippomenes. He mentions in Terms of great Approbation, Colonel M'Lean of the 60th Regiment, Major Hardyman, First Battalion Royals, both acting with the advanced Corps, and he describes the Exertions of Captain McKenzie of the Royal Navy, commanding the Seamen, who proceeded up the River with the Troops, as being unremitting, and of great Advantage to the public

I am also extremely indebted to Brigadier-General Hughes, who has shewn a constant Readiness to undertake every Duty that required the Direction of to experienced an Officer. The bare Relation of the Attack of Forts Leyden and Friderici, which he headed with most distinguished Perseverance and Gallantry, fufficiently marks the Merit of that Officer; but I must beg leave to add, that Brigadier General Hughes's fleady and encouraging Example, during the Time of his Command at Fort Leydon, while exposed to the Fire of the Enemy's Batteries, mult ever entitle him to the Reputation of a brave and excellent Officer, and I hope will enfare to him His

Majetly's gracious Approvation.
The Brigadict-General reports the following Officers as having distinguished themselves; the Commanding Officers of the different Corps employed under him at the Storming of the Forts, viz. The Honorable Lieutenan -Colonel Countoun, 64th Reginent; Lientennat Colorel Shipley, commanding Royal Engineers; Captains Maxwell, Ferris, and Richardfor of the Royal Navy: Major Sticke, 6th Well India Regiment: Major of Brigade Brounings: Lieutenant Jemilion, 64th Regiment; Licuteur Arnold, Royal Engineers; and Mr. riobbs, adding

Engineer.
To Lieutenant-Colonel Shipley, the Commanding Engineer, a have Orligations for beyond my Power to express. Having been upon the former Expelition to this Colony, his bond Knowledge enabled him to firmith most useful Listormstron; and upon every Occasion he was foremost to execute in Person the Plans adopted in confequence of his intelligent Suggelenne: Euch, induci, homy Seule or his Services on this Expedicion. dan I can not help attributing its

and I shall consider as a Kindness done to myself, any favorable Representation your Lordship may be pleased to make to His Majesty, respecting Licute-

nant Colonel Shipley.

I have great Reason to be satisfied with the diligent Affiliance afforded me by all the Heads of Departments, Major Wilson, commanding the Royal Artillery and the Officers and Men of that excellent Corps; Major Robertson, Acting Adjutant-General, Acting Commissary General Glassfurd, Captain M'Geachy, Assistant Quarter Master General; and I take the Liberty to mention Captain Drummond, of the 60th Regiment, acting as my Aid-de-Camp, who has been very active and ufeful

to me on many Occasions.

In all conjunct Expeditions the zealous Co-opera-tion of the Navy becomes of the most effential Importance, but such is the peculiar Nature of the Military Politions in this Country, that our Success depended chiefly upon their Exertions, no Movements being possibly made without their Assistance. It is therefore incumbent upon me to bear my fincere Testimony to the cordial, zealous, and able Support the Army has received from Commodore Hood, and all the Captains and other Officers of the Squadion under his Command, which must ever be remembered with Gratitude. Captain Maxwell, of the Centaur, having been more particularly attached to the Troops under my immediate Command on Shore, I am bound to Notice his fpirited and exemplary Behaviour; and I use the Freedom to mention Captain Kempt, Agent of Transports, as having discharged the laborious Duties of his Office, with every possible Skill and Diligence.

I have the Pleafure to affure your Lordship, that the principal Inhabitants of the Colony appear in general to be extremely rejoiced at the Event which has taken Place, restoring to them the powerful Protection of the British Government, and the

folid Advantages arifing therefrom.

Captain Campbell, my Aid de Camp, will have the Ilonor to deliver this Dispatch to your Lordflip; he is a very old and deferving Officer, and I beg Leave to refer your Lordship to him for further I have, &c. Information.

CHAs. GREEN, Maj. Gen. (Signed)

To His Excellency the Governor of the Colony of Surinam.

CONSIDERABLE British Armament of Sea and Land Forces being arrived in the River Surinam, We, the Commanders in Chief of the fame, judge it expedient at this Crifis to fummon the Colony to an immediate Surrender to His Bri-

tannie Majefly's Arms.

The important Situation which we now possess, with the decided Superiority of our Force, mult, in eafe Relitlance be attempted, enfore a speedy and favorable Liue to our Operations; but the Motives which have chiefly actuated His Majetty in fending this Expedition, and upon the Principles of which we are directed to govern our Conduct, induce us to propose a Capitulation, to highly beneficial to the Interells of the Colony of Sminam, as to leave little Doubt on our Minds of being joyfully accepted.

But if, contrary to our well-founded Expectations, the Offers we now make should be rejected, it be-

early Success, in a great Measure, to his Exertions; | comes us to state, in the clearest Manner, that the Effusion of Blood, and all the Calamities of War in particular, the Destruction and Ruin brought upon private Property, which will be the inevitable Confequence, must be attributed to you, and not

> Being defirous to evince our Inclination to allow every possible Indulgence to the Colony, consistent with our Duty, and knowing it may require fome Time to assemble the constituted Authorities for their Decifion. we are willing to wait Twelve Hours Fime for your Answer, and at the Expiration of which, should you not accede to our Proposals, we thall confider it incumbent upon us to proceed to fuch further Measures as our Instructions point out.

Admiralty-Office, June 22, 1804.

Copy of a Letter received at this Office by Captain Maxwell from Commodore Hood, Commander in Chief of His Majelly's Ships and Vessels at the Lectuard Islands, to William Marsden, Esq., dated on board His Majelly's Ship Emerald, in Surinam River, the 6th May, 1804.

HAVE the Honor to inform you, I arrived off this River in the Centaur, with the Pandour, Serapis, Alligator, Hippomenes, Drake, Unique armed Schooner, and Transports having on board near Two Thousand Troops, under Major General Sir Charles Green, on the 25th Ultimo, after a Palfage of Twenty Days from Barhadoes, when immediate Measures were taken to fend a Division of the Army, of about Seven Hundred Men, to land at Warapa Creek, under the Command of Brigadier General Manland, the Direction of which was left to Captain Shipley of the Hippomene, who, with that Sloop, a Transport, and three Army Vessels, landed the Troops on the Night of the 3cth, assisted by Captain M'Keuzie of His Majelly's Sloop Guachopin, who had with great Zeal quitted his Sloop fifty Leagues to Leeward with all her Boats, on finding from baffling Winds and Currents the could not get up.

That no Time should be lost, Brigadier General Hughes was ordered on board the Pandour, to endeavour to gain Possession the next Night (26th) of Braam's Point, and Indiructions fent to Captain O'Bryen, then lying off the Bar in the Emerald, to earry this Service in concert with the Brigadier into Execution; he, with his usual Intrepidity, lost not a Moment, but as the Tide flowed, pushed in over the Bar, and anchored close to the Battery of Seven Eighteen-Pounders, followed by Captains Nash and Ferris, in the Pandour and Drake. The Fort commenced a brisk Fire on the Emerald, but was filenced by a few Broadfides, after the Ships had anchored, without any Lofs on our Side; in it were captured Forty-three Officers and Men, three of whom were

wounded.

Not being able to approach nearer in the Centaur, the General and myself the next Morning removed to this Ship at the Entrance of the River, and having fummoned the Colony, the Aufwer* was received, containing a Refufal of the Terms The Moment therefore the Tide ferved, every Effort was made to get up the River, which, from the Shallowness of the Water, was very difficut, the Emerald having passed through the Mud in three Feet less than the drew, and it was only till last Night we were enabled to get her to this Station near the Forts, from the Lownels of the Tides.

The Officers of Engineers having explored the Road through the Woods, close to the Battery of Friderici, which communicated with Leyden Redoubt, an Attack was made on the Morning of the 30th by a Detachment of Troops under Brigadier-General Hughes, conducted in the Boats by Captain Maxwell of the Centaur, and Captains Ferris and Richardson: they landed at Plantation Resolution, and after a telions March through Woods and Swamps, the Brigadier and Detachment, accompanied by the two first named Captains, with some Officers and about Thirty Seamen, carried the Battery of Friderici, and though the Enemy blew up the Magazine, by which many of our brave People fuffered on entering the Work, they were not delayed in paffing a Caufeway of Seven Hundred Yards, with Five Pieces of Cannon bearing thereon, and carried the Redoubt of Leyden in a few Minutes. The gallant Conduct of the Brigadier, his Officers and Men, will no Doubt be fufficiently fet forth by the Major General, but it is impoffible to do Justice to their Merit; and the Brigadier has tpoken in the handsomest Terms of Captain Maxwell, who commanded the Seamen, and Captain Ferris, who led on with the advanced Party, as well as all the Officers and Men; and Captain Richardson, left ready to support them in the Boats, gave every Aid to fecure the Polls.

I subjoin a List of Killed and Wounded; amongst the Number belonging to the Centaur, I am forry to add, is Lieutenant Smith, mortally, Lieutenants King and Henderson severely, and Mr. Shuldem, Midshipman, [killed; Lieutenaut Brand of the

Unique is also severely wounded.

Brigadier General Maitland having come down the River Commowina, and the Ships all got up near Friderici, with the Troops advancing, and the Enemy's Communication nearly intercepted by the Activity of our armed Boats, as well as Provi-fions, Stores, and Cannon, prepared for attacking Fort New Amsterdam, Yeslerday the Batavian Com-mandant, Lieutenant-Colonel Batenburg, thought proper to fend a Flag of Truce, when a Capitula-

tion was foon after figured '. Commodore Bloys Van Treflong, on our elaiming the Surrender of the Ships, entered into the Terms. He had placed the Proferoine, of Thirty-two Guns, Eighteen-Pounders, near to Fort New Amsterdam, and extended a Line of Defence across the River,

with the Pylades Corvette, & Eighteen Guns, at the other Extreme, about a Mile above the Re-doubt Purmurent; Three Mcrehantmen in the Centre, from Eight to Twelve Guns, and a Schooner of Ten Guns, employed to reconnoitre

and cover the Shore at Voorburg, should our Troops have attempted to advance by that Side, beside Seven Gun-Boats stationed as Occasion re-

quired.

The indefatigable Zeal of Captains O'Bryen and Nash, in arranging and forwarding the Supplies, and Captains Maxwell, Ferris, Waring, and Richardfon, in giving Aid to the Army, as well as Captain Kempt, Agent for Transports, claims my warmest Applause, as does that of Captain Shipley in landing Brigadier-General Maitland's Division, and Captain M'Kenzie for his Services with Fifty Seamen, in aiding that Part of the Army on their Route from the Warapa Creek. It is with much Satissaction I relate, that the Co-operation of the Army and Navy, employed on this Expedition, has been carried on with an eager Emulation to affilt each other, which indeed could but be expected from the cordial Measures adopted by Major-General Sir Charles Green.

Captain Maxwell will have the Honor to deliver this Dispatch; and from the able Manner he has conducted himself, as my Captain, will, I am consident, give their Lordships every satisfac-

tory Information.

I have the Honor to be, &c.

Whitehall, June 21, 1804.

COPIES of the following Letters, written by Major-General Wellefley to His Excellency the Governor-General, have been received at the East-India House, enclosed in a Dispatch from the Governor and Council at Bombay, dated the 10th of January 1804:

My LORD, Camp at Doagaum, Dec. 15, 1803.

A FTER the Battle of Argaum I determined to lose no Time in commencing the Siege of Gauilghar, and accordingly matched on, and arrived at Elechpoor on the 5th Instant with both Divisions, and halted on the 6th in order to establish an Hospital for the Wounded in the Battle of Ar-

gaum.

The Fort of Gauilghur is fituated in a Range of Mountains between the Sources of the Rivers Poorna and Taptee. It flands on a lofty Mountain in this Range, and confilts of One complete Inner Fort, which points to the South, where the Rock is most fleep, and an Outer Fort, which covers the Inner to the North Westward and North. This Outer Fort has a Third Wall, which covers the Approach to it from the North by the Village of Labada. All these Walls are strongly built, and fortified by Ramparts and Towers.

The Communications with the Forts are through Three Gates; One to the South with the Inner Fort, One to the North West with the Outer Fort, and One to the North with the Third Wall. The Ascent to the first is very long and steep, and is practicable only by Men; that to the Second is by a Road used for the common Communications of the Garrison with the Countries to the Southward, but the Road passes round the West Side of the Fort, and is exposed for a great Dillance to its Fire, it is so narrow as to make it impracticable to approach regularly by it, and the Rock is seraped on each Side; this Road also leads no farther than the Gate.

The Communication with the Northern Gate is direct from the Village of Labada, and here the Ground is level with that of the Fort, but the Road to Labada leads through the Mountains for about Thirty Miles from Elechpoor, and it was obvious that the Difficulty and Labour of moving Ordnance and Stores to Labada would be very

great.

However, after making Enquiry at Elechpoor, it appeared both to Colonel Stevenson and me, that this Point of Attack was, upon the whole, the most advantageous, and we accordingly adopted it.

most advantageous, and we accordingly adopted it.
Colonel Stevenson had equipped his Corps at
Assurghur for the Siege of Gauilghur, for which
Service it had long been destined; and I therefore
determined that he should make the principal Attack by Labada, while I should cover his Operations
with my own Division, and all the Cavalry, and, if
possible, assist them by other Attacks to the South-

ward and Westward.

On the 6th Instant, the 1st Battalion of the 2d Regiment, under Lieutenant Colonel Chalmers, and Two Companies of the 94th, and the 1st of the 6th, under Captain Maitland were detached, the former to drive in the Enemy from the Ground which they occupied to the Southward of the Fort, and the latter to feize the fortified Village of Damargaum, which covers the Entrance of the Mountains by the Road by which Colonel Stevenson was to pass towards Labada, and to protect the Parties fent forward to reconnoitre, and repair the Roads in the Mountain. Both these Detachments succeeded. On the 7th, both Divisions marched from Elechpoor, Colonel Stevenson into the Mountains by Damargaem, and my Division towards the Southern Face of the Fort of Gauilghur. From that Day till the 12th, on which Colonel Stevenson broke Ground near Labada, the Troops in his Di-vision went through a Series of laborious Services, fuch as I never before witneffed, with the utmost Chearfulness and Perseverance. The heavy Ordnance and Stores were dragged by Hand over Mountains and through Ravines, for nearly the whole Distance, by Roads which it had been previously necessary for the Troops to make for them-

On the 12th at Night, Colonel Stevenson erected Two Batteries in Front of the North Face of the Fort, one consisting of Two Iron Eighteen Pounders and Three Iron Twelve-Pounders, to breach the Outer Fort and Third Wall, and one consisting of Two Brass Twelve-Pounders, and Two Five Half Inch Howitzers to destroy and clear the Defences on the Point of Attack.

On the fame Night the Troops of my Division confiructed a Battery for Two Iron and Two Brass Twelve-Pounders on the Mountain under the Southern Gate, with a view, if pussible, to

breach the Wall near that Gate, or at all Events, to draw the Enemy's Attention to that Quarter. Unfortunately the Iron Guns could not be moved into the Battery, notwithstanding the utmost Exertions of the Troops, and the Fire of the Brass

Guns produced but little Effect.

The Fire of all these Batteries opened on the 13th in the Morning, and on the 14th at Night, the Breaches in the Walls of the Outer Fort were practicable: All the Arrangements were made for florming on this Day, Lieutenant-Colonel Kenny, of the 11th Regiment, commanded the Party for the Storm, contilling of the Flank Companies of the 94th Regiment, and of the Native Corps in Colonel Stevenson's Divition, supported by the 94th Regiment, and Lieutenant-Colonel Haliburton's Brigade, with Lieutenant-Colonel Maclean's Brigade in a Referve. At the fame Hour I made Two Attacks from the Southward to draw the Enemy's Attention to this Quarter, one under Lieutenant-Colonel Wallace, confifting of the 74th Regiment, Five Companies of the 78th, and the Ist Battalion of the 8th Regiment on the Southern Gate, and one under Lieutenant-Colonel Chalmers, confifting of Five Companies of the 78th, and the tft Battalion of the 10th Regiment on the North-West Gate. These last Attacks could be of no Service excepting to draw the Enemy's Attention from that from the North, unless they should succeed in blowing open the Gates, till they should communicate with Detachments from Colonel Stevenfon's Corps, as they had no other Means of entering this Fort.

All the Troops advanced about Ten in the Morning. The Detachment under Lieutenant-Colonel Chalmers arrived at the N. W. Gate at the Moment that the Enemy were endeavouring to escape through it from the Detachment of Colonel Stevenson's Corps, which had been fent to communicate with Colonel Chalmers; and he entered without Dif-

ficulty.

The Wall in the Inner Fort, in which no Breach had been made, was then to be carried; after some Attempts upon the Gate of Communication between the Inner and Outward Fort, a Place was found at which it was possible to escalade the Wall. Captain Campbell, with the Light Infantry of the 94th Regiment, fixed the Ladders against this Place, escaladed the Wall, opened the Gates for the storming Party, and the Fort was shortly in our Poffession.

The Enemy's Garrison was numerous; it confifted of Rajah Poot's and of a great Part of Bury Sing's regular Infantry, which had escaped from the Battle of Argaum, commanded by Bury Sing himfelf; they were all armed with Company's new Mus-kets and Bayonets; vast Numbers were killed, par-

ticularly at the different Gates.

This Service has been performed, I hope, with fmall Lofs on our Side; no Officer has been killed, and none wounded, that I have heard of, excepting Lieutenant-Colonel Kenny, of the 11th Regiment, and Lieutenant Young, of the 2d Battalion of

the 7th.

In the Performance of this Service all the good Qualities of British Troops have been conspicuous to a Degree which I have feldom witneffed. bringing on their Oronance and Stores to the Point

vision performed the most laborious Work with a Zeal for the Service, and Patience and Perfeverance never furpassed; and, when opposed to the Enemy, their Conduct showed the same gallant Spirit that has carried the British Troops through so many Dif-

ficulties in the Courfe of this War.

I am particularly indebted to Colonel Stevenson for the Manner in which he conducted the Service entrusted to him, from the Moment of his March from Ellichpoor to that of the Capture of Ganilghur: to Lientenant Colonel Kenny for the Manner in which he led on the storming Party; to Captain Campbell, and the Light Infantry of the 94th Regiment, for the Escalade of the Inner Fort; to Major Campbell and the 94th Regiment, and to Lieutenant-Colonel Haliburton and his Brigade, which Troops supported the Attack; Captain Barke, who commanded the Artillery, with the ful-Barke, who commanded the Artiflet, state linears, fidiary Force, and Captain Heitland, of the Pioneers, and Captain Johnson, of the Bombay Engineers, and Captain Johnson, of the Bombay Engineers, and Captain Johnson, artifled to my Acknowledgments. Thefe are also entitled to my Acknowledgments. Two latter were fent from my Division to assist Colonel Stevenson. Upon the Occasion of mentioning the Name of Captain Johnson, I cannot omit to inform your Excellency, that throughout this Campaign that Officer has performed the molt importaut Service in the Department of the Guides entruffed to his Charge; and I have no Doubt but that his Surveys will be a valuable public Acquifition.

Although the most laborious and most brilliant Part of this Service did not fall to the Lot of the Troops of my Division, I have to apprife your Excellency that they performed that Part allotted to them in a Manner perfectly fatisfactory to me; and Lieutenant Colonel Wallace, and Lieutenant-Colonel Chalmers, and Captain Beommon, commanding the Artillery, have received my Thanks for the Manner in which the Two former led their Divifions to the Attack, and the latter exerted himfelf to

forward the Service of his Department.

I shall hereafter have the Honor of transmitting to your Excellency Lilts of the Killed and Wounded, and Returns of the Ordnance and Property captured in the Fort.

I have the Honor to be, &c. (Signed) ARTHUR WELLESLEY. (True Copies.) (Signed) J. A. GRANT, Sec. to Gov.

My LORD, Camp at Elichpoor, Dec. 18, 1803. HAVE the Honor to enclose a Return of the Killed and Wounded at the Siege and in the Storm of Gauilghur. Lieutenant Young died after I addressed your Excellency on the 15th.

I have likewise the Honor to enclose a Return of the Ordnance, &c. captured in Ganilghur. The Quantity of Property captured has not yet been afcertained, but I imagine that there will not be much.

After I had addressed your Excellency on the 15th Instant I received from Colonel Stevenson a detailed Report of the Proceedings of the Division under his Command in the Storm of the Fort, from which I observe that Lieutenant-Colonel Lang and Lieutenant Colonel Dessé had Opportunities of distinguishing themselves, of which they availed themfelves. In the Course of the Campaign I have more than once had Occasion to observe the Zeal of these Officers in the Service, and their Exertions to of Attack, the Troops of Colonel Stevenson's Di. forward it; they have received my Thanks for their

Conduct on the 15th Instant; and I beg Leave to

recommend them to your Excellency's Notice.

I have the Honor to be, &c.
